THURSDAY, OCTOBER 5, 1939.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 8th September, 1939 :—

L. A. BILL No. 42 OF 1939.

A Bill to amend the Indian Carriage by Air Act, 1934, for a certain purpose.

WHEREAS it is expedient to amend the Indian Carriage by Air Act, 1934, for the purpose hereinafter appearing ; XX of 1934.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Indian Carriage by Air (Amendment) Act, 1939.

Amendment of section 2 of Act XX of 1934.

2. In section 2 of the Indian Carriage by Air Act, 1934, after sub-section (*3*) the following sub-section shall be inserted, namely :— XX of 1934.

"(*3A*) Any reference in the First Schedule to agents of the carrier shall be construed as including a reference to servants of the carrier."

STATEMENT OF OBJECTS AND REASONS.

In the translation of the Convention for the unification of certain rules relating to International Carriage by Air, signed at Warsaw on the 12th October 1929, the French word "préposés", was translated as "agents". It was subsequently agreed that a better translation of the word would be "servants or agents" and that expression was used, as the equivalent of "préposés," in the official translation of the Convention for the unification of certain rules relating to damage caused by aircraft to third parties on the surface, signed at Rome on the 29th May 1933. The Indian Carriage by Air Act, 1934, embodies in its First Schedule the provisions of the Warsaw Convention; and it is now proposed to make it clear that references to "agents" in that Schedule include references to "servants."

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 14th September, 1939 :—

L. A BILL No. 43 OF 1939.

A Bill further to amend the Indian Aircraft Act, 1934, for certain purposes.

WHEREAS it is expedient further to amend the Indian Aircraft Act, 1934, for the purposes hereinafter appearing ; XXII of 1934.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Indian Aircraft (Amendment) Act, 1939.

Amendment of section 1 of Act XXII of 1934.

2. To sub-section (2) of section 1 of the Indian Aircraft Act, 1934 (hereinafter referred to as the said Act) the following shall be added, namely:—

" and applies also—

(*a*) to British subjects and servants of the Crown in any part of India :

(*b*) to British subjects who are domiciled in any part of India wherever they may be ;

(*c*) to, and to persons on, aircraft registered in British India wherever they may be ".

Amendment of section 3.

3. In section 3 of the said Act, for the words "the provisions of this Act and of the rules made thereunder, or from any of such provisions," the words "all or any of the provisions of this Act" shall be substituted.

Amendment of section 5.

4. In sub-section (2) of section 5 of the said Act, after clause (*j*) the following clause shall be inserted, namely:—

"(*jj*) the installation and maintenance of lights on private property in the neighbourhood of aerodromes or on or in the neighbourhood of air-routes, by the owners or occupiers of such property, the payment by the Central Government for such installation and maintenance, and the supervision and control of such installation and maintenance, including the right of access to the property for such purposes ;".

Amendment of section 7.

5. In sub-section (*1*) of section 7 of the said Act, for the words "air navigation in or over British India" the following shall be substituted, namely :—

"the navigation—

(*a*) in or over British India of any aircraft, or

(*b*) anywhere of aircraft registered in British India".

STATEMENT OF OBJECTS AND REASONS.

Under the International Convention relating to the Regulation of Aerial Navigation, 1919, India has certain extra-territorial obligations to fulfil. She has, for instance, under Article 25 of the Convention, undertaken to adopt measures to ensure that aircraft bearing Indian registration marks, wherever they may be, shall comply with certain regulations. As the application of the Indian Aircraft Act, 1934, is however limited to British India, it cannot be applied to aircraft registered in British India when outside British Indian territory. Clauses 2 and 5 of the Bill seek to amend the Indian Aircraft Act, 1934, so as to extend the application of the Act to all aircraft registered in British India and to persons thereon, wherever they may be.

2. Section 3 of the Act gives power to the Central Government to grant exemption by notification from the provisions of the Act and the Rules made thereunder. This is a cumbrous procedure so far as exemption from the Rules is concerned and it is proposed in clause 3 to amend the section so as to confine the power of exemption conferred thereby to exemptions from the provisions of the Act itself. It is intended that where exemption from the provisions of the Rules is required, this should be given by general or special order made under the Rules themselves.

3. High structures or other obstructions near aerodromes or air-routes constitute a danger to aircraft. This danger is accentuated at night and, with the introduction of night flying, the necessity of adequately marking and lighting such obstructions has become urgent. The powers of the Government of India under section 5 (*2*) (*j*) of the Indian Aircraft Act, 1934, are inadequate in this respect. It is therefore proposed in clause 4 to amend the Act so as to confer on Government the power to make rules for the purposes there set out. As the clause indicates the intention is that the Central Government should defray the cost of installing and maintaining the lights.

4. Extracts from the main Act, giving the provisions which it is proposed to amend, are appended.

A. G. CLOW.

SIMLA;

The 5th September, 1939.

PROVISIONS OF THE INDIAN AIRCRAFT ACT, 1934.

Section 1.—(*1*) This Act may be called the Indian Aircraft Act, 1934.

(*2*) It extends to the whole of British India, including British Baluchistan and Sonthal Parganas.

Section 3.—The Central Government may, by notification in the Official Gazette, exempt from the provisions of this Act and of the rules made thereunder, or from any of such provisions, any aircraft or class of aircraft and any person or class of persons, or may direct that such provisions shall apply to such aircraft or persons subject to such modifications as may be specified in the notification.

Section 5.—(*1*) The Central Government may, by notification in the Official Gazette, make rules regulating the manufacture, possession, use, operation, sale, import or export of any aircraft or class of aircraft.

(*2*) Without prejudice to the generality of the foregoing power, such rules may provide for—

* * * * * * * *

(*j*) the supply, supervision and control of air-route beacons, aerodrome lights and lights at or in the neighbourhood of aerodromes or on or in the neighbourhood of air-routes;

* * * * * * * *

Section 7.—(*1*) The Central Government may, by notification in the Official Gazette, make rules providing for the investigation of any accident arising out of or in the course of air navigation in or over British India.

Consolidated statement for Bengal, Bihar, Orissa, and Assam.

Area.—The revised estimated area for the four provinces is 3,118,700 acres, a decrease of 45,800 acres as compared with the revised Final Forecast for 1938. The total increase as compared with the acreage in the Preliminary Forecast for 1939 is due to revision in the estimates.

Yield.—It is estimated that the crop will yield 9,646,300 bales of jute an increase of 2,802,750 bales on last year's outturn.

The consolidated returns are as follows:—

DEPARTMENT OF AGRICULTURE, BENGAL.

FINAL FORECAST OF THE JUTE CROP OF BENGAL, 1939.

[NOTE. **On an average of the five years ending 1937-38, the areas under jute in Bengal and the Bengal States to which this forecast relates, represent some 81·7 and 1·1 per cent. respectively of the total area under jute in India.**]

Season.—After issue of the Preliminary Forecast, conditions in East and North Bengal continued to be generally favourable for the growth and development of the crop. Incessant rainfall and stormy weather in August had, however, an adverse effect on the growth of the late sown crop in certain lowland tracts in North Bengal while floods caused considerable damage to the Daisee crop in West Bengal. During the months of July and August, rainfall was much above the normal.

Condition of the crop.—The crop in East and North Bengal is good, but in West Bengal it is not quite satisfactory.

Area of the crop.—The area under jute is estimated to be 2,549,600 acres as against 2,521,500 acres in 1938.

Outturn.—As in the previous year the percentage figures are calculated on the basis of divisional normals which remain as follows:—

	Bales per acre.
Dacca and Chittagong Divisions	... 3·7
Rajshahi Division	... 3·5
Presidency and Burdwan Divisions	... 3·2

The total outturn of the crop is estimated at 8,321,200 bales as compared with 5,755,450 bales last year.

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BIHAR.

FINAL FORECAST OF THE JUTE CROP OF BIHAR, 1939.

[NOTE.- **On an average of the five years ending 1937-38 the area under jute, to which the Bihar forecast relates, represents about 10·4 per cent. of the total area under jute in India.**]

Acreage.—The final district returns of the six jute-growing districts of the province show an area under jute of 265,500 acres as against the last year's area of 315,500 acres. The decrease is noticeable in the most important jute-growing district of Purnea and has been stated to be due to lack of moisture in the soil and insufficiency of seeds owing to destruction of crop by flood last year.

Weather conditions.—In March light rain fell in all jute-growing districts, the fall being below the normal everywhere except in the Santal Parganas where it was slightly above the normal. In April rainfall was light in Bhagalpur and the Santal Parganas, very scanty in Purnea and Muzaffarpur and there was no rain in the remaining districts. The rainfall in May was light and below the normal except in Purnea where it was well above the normal. In June rainfall was above normal everywhere in the jute-growing districts. Again in July rainfall was above the normal in all the jute districts except Purnea. The rainfall in August was general in all jute districts. The weather and rainfall have been generally favourable to the crop in the province.

Outturn.—In the district of Purnea the outturn of the crop has been estimated at 80 per cent. of the normal. Champaran reports 95 per cent. Muzaffarpur, Darbhanga, Bhagalpur and the Santal Parganas report 75, 40, 85 and 57 per cent., respectively.

Accordingly I estimate that the outturn this year will be 80 per cent. of the normal. Taking the normal outturn per acre to be $3\frac{1}{3}$ bales as in previous years the gross outturn on 265,500 acres estimated to be under jute in this province, comes to 708,900 bales, against 435,600 bales last year. Adding 11,600 bales, to this as probable imports from Nepal, the forecast figure for Bihar comes to 720,500 bales.

Director of Agriculture, Bihar.

DEPARTMENT OF DEVELOPMENT, ORISSA.

FINAL FORECAST OF THE JUTE CROP OF ORISSA, 1939.

[NOTE.—**On an average of the five years ending 1937-38, the area under jute in Orissa to which this forecast relates, represents about 0·6 per cent. of the total area under jute in India.**]

Acreage.—After the preparation of the Preliminary Forecast, there was fresh sowing in all the three districts.

The final returns show an area of 22,500 acres under the crop against 24,900 acres found by actual survey of the jute fields last year. There has been a fall of nearly 3,000 acres in district Cuttack which is reported to be due to want of rainfall at the time of sowing in the Jajpur and Kendrapara subdivisions.

Season.—The weather conditions were not very favourable in districts Cuttack and Puri. There was want of rainfall at the commencement of the season. In district Cuttack, high floods damaged the crops to a certain extent.

Outturn.—The unfavourable weather conditions in districts Cuttack and Puri have affected the outturn. In the former district the jute moth has caused some damage in three police-stations.

The total outturn for the province is estimated at 63 per cent. of the normal against 69 per cent. of the last year. On the basis of $3\frac{1}{8}$ bales as the standard outturn per acre, the gross yield on 22,500 acres sown this year comes to 47,300 bales in round figure against 57,700 bales in the last year.

DEPARTMENT OF AGRICULTURE, ASSAM.

FINAL FORECAST OF THE JUTE CROP OF ASSAM, 1939.

[NOTE.—**On the average of the five years ending 1937-38, the area under jute in Assam represents some 6·1 per cent. of the total area under jute in India.**]

Season.—As indicated in the Preliminary Forecast, the weather in the earlier part of the year was unfavourable except in Lakhimpur. In July and August also the weather condition was not favourable for the crop. Insects and local floods too caused a considerable damage in most of the districts of which Goalpara, being the principal jute-growing district, suffered most.

Area.—The area has been estimated by the Deputy Commissioners to be 281,100 acres as compared with last year's actual area of 302,600 acres, and this year's Preliminary Forecast of 257,100 acres. The areas reported in the Preliminary Forecast have been revised in five districts.

Outturn.—The outturn per acre has been estimated to be 57 per cent. of the normal against 54 (revised) of the last year. Taking 3·5 bales of 400 lbs. each of jute fibre as the normal yield per acre, the total produce of the province this year amounts to 557,300 bales against 569,800 bales (revised) of last year or a decrease of about 2 per cent.

Cachar (Plains)	200	200	200	70	70	500	500	End of August. Normal.	Weather condition from June was generally favourable for the crop but the flood of August damaged the crop to some extent in the low lying areas. This accounts for the low estimated outturn.
Sylhet ..	13,000	42,100	42,000	70	70	103,100	102,900	First week of August. Normal.	The low estimated outturn is due partly to the excessive rainfall in June and July and partly to the local flood which caused considerable damage to the crop in places.
Goalpara ..	60,000	108,000	100,000	30	30	113,400	105,000	First week of July. Normal.	The decrease in area is due to unfavourable weather at sowing time. The weather condition from June also was not favourable. Flood and insects caused a considerable damage in places. These are responsible for the very low estimated outturn.
Kamrup ..	39,800	52,800	44,200	50	70	92,400	108,300	First week of August. Normal.	The decrease in area is due to drought at sowing time. The weather was not quite favourable for the growth of the crop. Local flood also caused some damage in many places, specially in the low lying areas. These account for the low estimated outturn.
Darrang ..	12,100	16,800	26,000	80	80	47,000	72,800	Middle of July. Normal.	The increase in area is attributed to the checking of jute growing areas this year. The weather was not favourable all through the season for the crop and hence the outturn falls below the normal.
Nowgong ..	50,000	73,800	60,900	75	70	193,700	149,200	Beginning of August. Late.	The decrease in area is due to severe drought in the beginning of the season. Weather condition from June was not satisfactory for the crop. Local floods and insects also caused some damage to the crop in places. Hence the outturn is estimated to be low.
Sibsagar ..	300	500	800	70	85	1,200	2,400	First week of August. Normal.	The increase in area is due to the checking of jute growing areas in the district this year. The weather was generally favourable for the crop but local flood, drought and insects caused damage in places. These account for the low estimated outturn.
Lakhimpur ..	700	2,700	2,800	90	90	8,500	8,800	Last part of July. Normal.	The weather was generally favourable for the cultivation and growth of the crop and almost a normal outturn is anticipated.
Garo Hills (Plains).	5,000	5,700	4,200	50	50	10,000	7,400	Ditto ..	Unfavourable weather at sowing time accounts for the decrease in area. Weather condition from June was also not satisfactory due to local flood which damaged the crop to a considerable extent. These account for the low estimated outturn.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 27th September 1939.

First Forecast of the Winter Rice Crop of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under winter rice in Bengal has represented some 20·7 per cent. of the total area under winter rice in India.)

Character of the season.—Ante-monsoon showers in March and April being scanty, preparatory tillage for and the sowings of broadcast paddy were delayed in places. In May practically all districts had nearly general rainfall which facilitated the operations. Rainfall in June was sufficient for preparation of lands for winter paddy seedlings and sowings in seed-beds. With good rainfall in early July, the transplantation of winter paddy was commenced under favourable conditions but the operation was hindered by subsequent incessant and heavy rainfall and floods in some districts where a reduced area was sown this year. The present outlook may be regarded as satisfactory on the whole.

Acreage.—According to the figures returned by the District Officers, the total acreage under winter rice is 15,912,600 acres as compared with 15,735,900 and 15,835,900 acres in the corresponding and final forecasts of last year respectively.

Outturn.—From the summary of the district returns appended it will be seen that 4 districts report a normal crop of 100 per cent., 19 districts a crop varying from 75 to 96 per cent. and the rest below 70 per cent. of the normal.

According to the above estimates, the provincial outturn works out to 84 per cent. as against 80 and 82 per cent. of the normal estimated in the corresponding and final forecasts respectively of last year.

Director of Agriculture, Bengal.

THE BENGAL TANKS IMPROVEMENT ACT, 1939.

[*Passed by the Bengal Legislature.*]

[Assent of the Governor was first published in the *Calcutta Gazette* of the 12th October 1939.]

An Act to provide for the improvement of tanks in Bengal for purposes of irrigation.

WHEREAS it is expedient to provide for the improvement of tanks in Bengal for purposes of irrigation ;

It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Bengal Tanks Improvement Act, 1939.

(*2*) It extends to the whole of Bengal.

(*3*) It shall come into force in such areas on such dates as the Provincial Government may, by notification in the *Official Gazette*, direct.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "authorised person" means the Collector, a local authority, co-operative society, or any other person who takes possession of a tank under the provisions of this Act and includes the successors in interest of such a person ;

(*2*) "Collector" includes a magistrate in charge of a subdivision of a district and any officer appointed by the Provincial Government to exercise all or any of the functions of a Collector under this Act ;

(*3*) "co-operative society" means a society registered under the Co-operative Societies Act, 1912 ; II of 1912.

(*4*) "derelict tank" means a tank which has been declared to be a derelict irrigation work under section 4 ;

(*5*) "period of possession" means the period from the time when possession is first taken of a tank under section 5 or section 6 until the time when possession thereof is restored under section 21 ;

(*6*) "prescribed" means prescribed by rules made under this Act ;

(*7*) "tank" means a reservoir, or place which has been used as a reservoir, for the storage of water whether formed by excavation or by the construction of one or more embankments or place where water naturally accumulates, and includes any part of a tank and the banks thereof except such portions of the banks as are homestead, garden or orchard lands.

Requisition by Collector to carry out improvements in certain tanks.

3. If the Collector is of opinion that any tank has fallen into disrepair or disuse, he may serve a notice in the prescribed form and manner on the person having control over the tank requiring him to carry out within a period specified in the notice such improvements of the tank as the Collector considers necessary for the proper utilisation of the tank for purposes of irrigation.

The Bengal Tanks Improvement Act, 1939.

(*Sections 4—7.*)

Declaration of a tank to be a derelict irrigation work.

4. (*1*) If the improvements referred to in section 3 are not carried out to the satisfaction of the Collector within the period specified in the notice issued under that section or within such further period as the Collector may, on application made to him in this behalf, think fit to allow, the Collector may, by a notice to the person having control over the tank and otherwise published in the prescribed form and manner, declare the tank to be a derelict irrigation work.

(*2*) Every notice issued under sub-section (*1*) shall state the boundaries of the tank which is declared to be a derelict irrigation work.

(*3*) A copy of every notice published under sub-section (*1*) shall be posted up in a conspicuous place near the tank, together with an intimation that any objections to the issue of the notice received by the Collector within one month from the date when it is so posted up, will be taken into consideration.

(*4*) On the expiry of the said period of one month, the Collector, after considering the objections, if any, shall confirm or withdraw the notice.

(*5*) A notice published under this section shall, unless and until it is withdrawn, be conclusive evidence of the fact that the tank to which it relates is a derelict irrigation work within the meaning of this section.

Power to Collector in respect of a derelict irrigation work.

5. After the notice declaring a tank to be a derelict irrigation work has been confirmed under section 4 the Collector, if he thinks fit, may at any time—

(*a*) take possession of the tank and carry out the improvements specified in the notice under section 3, or

(*b*) authorise under section 6 a local authority, co-operative society, or any other person interested to take such action.

Order for possession of, and improvements in, a derelict tank.

6. (*1*) Any local authority or co-operative society, or any other person who, in the opinion of the Collector, has an interest in a derelict tank, may, if authorised by the Collector by an order in writing in this behalf, take possession of such tank and carry out the improvements specified in the notice under section 3.

(*2*) In making an order under sub-section (*1*) the Collector shall, except for sufficient reason to be recorded in writing, give preference to any co-sharer owner of the tank who has submitted an application stating that he is willing to carry out the said improvements or he may make an order in favour of more than one such co-sharer owner jointly.

(*3*) An order under sub-section (*1*) shall be in such form and shall contain such particulars and conditions as may be prescribed.

Cancellation of order under section 6.

7. (*1*) If any authorised person—

(*a*) fails to carry out the improvements to the satisfaction of the Collector within such time as may be specified in the order under section 6, or

The Bengal Tanks Improvement Act, 1939.

(*Sections 8—11.*)

(*b*) fails, in the opinion of the Collector, to proceed with the improvements with due diligence or to maintain the tank in proper condition, or

(*c*) with or without the permission of the Collector, gives up possession of the tank or abandons the work of improvement, or

(*d*) is, in the opinion of the Collector, guilty of any serious negligence or misconduct in relation to the tank or to persons having any right or interest in the tank or in the use of water thereof, or

(*e*) fails to comply with any order passed under section 26 or section 27,

the Collector may cancel the order made under section 6, and thereupon all rights and powers of the said authorised person in respect of the tank shall cease and determine, and the Collector shall take possession of the tank.

(*2*) After taking possession of the tank under sub-section (*1*) the Collector shall either appoint another authorised person to carry out the improvements or carry them out himself.

Authorised person to retain possession of a derelict tank for a period not exceeding twenty years.

8. Subject to the provisions of this Act, an authorised person shall be entitled to remain in possession of a derelict tank for such period as the Collector may determine after consideration of the time necessary to compensate the authorised person for the cost incurred in the improvements carried out together with interest thereon at the rate of six and a quarter *per centum per annum*, but not exceeding twenty years from the date on which he takes possession thereof under section 5 or section 6.

Owner to be restored to possession on certain conditions.

9. Notwithstanding anything contained in section 8, the Collector in his discretion may, at any time within the period determined under the said section, restore to possession of the tank the person recorded as entitled to possession thereof in the record-of-rights referred to in section 22 or his successors in interest, provided that—

(*a*) such person pays to the Collector all the costs incurred up to that time both by the authorised person in carrying out the required improvements in the tank and by the Collector in carrying out the purposes of this Act in respect of the tank, together with interest on such costs at the rate of six and a quarter *per centum per annum*, and

(*b*) he undertakes to the satisfaction of the Collector to carry out any remaining improvements specified in the notice under section 3 within such period as the Collector may determine.

10. An authorised person shall not be liable to pay any rent or compensation in respect of his possession of a derelict tank except as expressly provided in this Act.

Possession by an authorised person not to affect the rights or liabilities of other persons.

11. Save as otherwise expressly provided in this Act, the possession of a derelict tank by an authorised person shall not affect the right or liability of any other person to receive or pay rent in respect of the said tank or in respect of any right or interest therein :

Provided that where rent was, at the time when possession was first taken of the tank under this Act, payable by any person solely in respect of a right to use the water of the tank for irrigation purposes the liability to pay such rent shall cease and determine from the date on which such possession was taken.

The Bengal Tanks Improvement Act, 1939.

(Sections 12—16.)

Authorised person to pay compensation to persons dispossessed by him.

12. Where a derelict tank is, at the time of the taking of possession thereof by an authorised person, in the actual possession of any person other than the owner of the tank, the authorised person shall, at such times and in such manner as may be prescribed, pay to the person dispossessed by him such compensation as the Collector, after such inquiry as he thinks fit, may determine. Such compensation shall not be less than the amount of the rent which the person so dispossessed is liable to pay in respect of the tank, and shall be deemed to be a full and complete satisfaction for all loss suffered by such person as a result of the interference with his possession.

Authorised person to pay compensation to persons who have right to fish in the tank, etc., on payment.

13. Where, at the time of the taking of possession of a derelict tank by an authorised person, any person has a right, on payment of any rent or charge, to catch fish in the tank or to take fruits from trees on, or other produce from, the banks of the tank the authorised person shall, at such times and in such manner as may be prescribed, pay to the said person such compensation as the Collector, after such inquiry as he thinks fit, may determine. Such compensation shall not be less than the amount of the rent or charge which the said person continues to be liable to pay to the owner or any tenant of the tank and shall be deemed to be a full and complete satisfaction for all loss suffered by such person as a result of the interference with the exercise of his right.

Authorised person to pay compensation to cultivators who hold a lease of the bed of such tank.

14. (*1*) Where the bed or any part of the bed of a tank has been leased out to cultivators for agricultural purposes the authorised person shall pay compensation to such cultivators, and thereupon such lease shall be terminated. The amount of compensation payable to each cultivator shall be such amount as the Collector, after such inquiry as he thinks fit, deems fair and equitable but not less than the *salami* paid by such cultivator for the lease.

(*2*) The amount of compensation determined by the Collector under sub-section (*1*) shall be paid in the prescribed manner and within the prescribed time to the authorised person by the landlord who granted the lease. If the landlord makes default in such payment the same shall be recoverable from the landlord by the Collector as a public demand and paid by him to the authorised person.

Permission of the authorised person necessary to use or occupy the tank, etc.

15. During the period of possession no person shall without the permission of the authorised person use or occupy the tank or use the water thereof except for drinking and other domestic purposes or catch fish in the tank or take fruits from trees on, or other produce from, the banks of the tank, except such portions of the banks as are homestead, garden or orchard lands.

Rights to use the water to vest in the authorised person.

16. (*1*) During the period of possession all rights to use the water of the tank for irrigation purposes shall vest in the authorised person and no person shall use the water of the tank for such purposes except as provided in sub-section (*2*).

(*2*) On receipt of a fee at the rate fixed under section 17, the authorised person shall grant permission to use the water of the tank for irrigation purposes—

THE REGISTER AND CONDITIONS FOR REGISTRATION.

The register of trade marks.

4. (1) For the purposes of this Act there shall be established at the Patent Office a Trade Mark Registry, and record called the Register of Trade Marks (in this Act referred to as the register) shall be kept thereat wherein shall be entered all registered trade marks with the names, addresses and descriptions of their proprietors, notifications of assignments and transmissions, the names, addresses and descriptions of regitered users, disclaimers, conditions, limitations, and such other matters relating to registered trade marks as may be prescribed, but there shall not be entered in the register any notice of any trust expressed, implied or constructive, nor shall any such notice be receivable by the Registrar.

(2) Subject to the superintendence and direction of the Central Government, the register shall be kept under the control and management of the Controller of Patents and Designs, who shall for the purposes of this Act be called the Registrar of Trade Marks and in this Act referred to as the Registrar.

(3) The register shall at all convenient times be open to the inspections of the public subject to such conditions and restrictions as may be prescribed.

Registration to be in respect of particular goods.

5. (1) A trade mark may be registered only in respect of particular goods or classes of goods.

(2) Any question arising as to the class within which any goods fall shall be determined by the Registrar, whose decision in the matter shall be final.

Distinctiveness requisite for registration.

6. (1) A trade mark shall not be registered unless it contains or consists of at least one of the following essential particulars, namely:—

(a) the name of a company, individual, or firm represented in a special or particular manner;

(b) the signature of the applicant for registration or some predecessor in his business;

(c) one or more invented words;

(d) one or more words having no direct reference to the character or quality of the goods and not being, according to its ordinary significance, a geographical name or surname or the name of a sect, caste or tribe in India;

(e) any other distinctive mark, provided that a name, signature, or any word, other than such as fall within the descriptions in the above clauses, shall not be registrable except upon evidence of its distinctiveness.

(2) For the purposes of this section, the expression "distinctive" means adapted, in relation to the goods in respect of which a trade mark is proposed to be registered, to distinguish goods with which the proprietor of the trade mark is or may be connected in the course of trade from goods in the case of which no such connection subsists, either generally or, where the trade mark is proposed to be registered subject to limitations, in relation to use within the extent of the registration.

(3) In determining whether a trade mark is adapted to distinguish as aforesaid, the tribunal may have regard to the extent to which—

(a) the trade mark is inherently so adapted to distinguish, and

(b) by reason of the use of the trade mark or of any other circumstances, the trade mark is in fact so adapted to distinguish:

Provided that in the case of a trade mark which has been continuously used (either by the applicant for registration or by some predecessor in his business, and either in its original form or with additions or alterations not substantially affecting its identity) in relation to the same goods as those in relation to which registration is applied for, during a period from a date prior to the 25th day of February, 1937 to the date of application for registration, the Registrar shall not refuse registration by reason only of the fact that the trade mark is not adapted to distinguish as aforesaid and may accept evidence of acquired distinctiveness as entitling the trade mark to registration.

Limitation as to colour.

7. (1) A trade mark may be limited wholly or in part to one or more specified colours, and any such limitation shall be taken into consideration by any tribunal having to decide on the distinctive character of the trade mark.

(2) So far as a trade mark is registered without limitation of colour it shall be deemed to be registered for all colours.

Prohibition of registration of certain matter.

8. No trade mark nor part of a trade mark shall be registered which consists of, or contains any scandalous design, or any matter the use of which would be—

(a) likely to deceive or to cause confusion; or

(b) likely to hurt the religious susceptibilities of any class of His Majesty's subjects; or

(c) contrary to any law for the time being in force or to morality.

Use of names of chemical elements barred.

9. No word which is the commonly used and accepted name of any single chemical element or single chemical compound (as distinguished from a mixture) shall be registered as a trade mark in respect of a chemical substance or preparation and any such registration shall, notwithstanding anything in section 24, be deemed for the purposes of section 46 to be an entry made in the register without sufficient cause or an entry wrongly remaining on the register, as the circumstances may require:

Provided that this section shall not apply to a word which is used to denote only a brand of make of the element or compound as made by the proprietor or a registered user of the trade mark, as distinguished from the element or compound as made by others, and in association with a suitable name or description open to the public use.

Prohibition of registration of identical or similar trade mark.

10. (*1*) Save as provided in sub-section (*2*), no trade mark shall be registered in respect of any goods or description of goods which is identical with a trade mark belonging to a different proprietor and already on the register in respect of the same goods or description of goods, or which so nearly resembles such trade mark as to be likely to deceive or cause confusion.

(*2*) In case of honest concurrent use or of other special circumstances which, in the opinion of the Registrar make it proper so to do, he may permit the registration by more than one proprietor of trade marks which are identical or nearly resemble each other in respect of the same goods or description of goods, subject to such conditions and limitations, if any, as the Registrar may think fit to impose.

(*3*) Where separate applications are made by different persons to be registered as proprietors respectively of trade marks which are identical or nearly resemble each other, in respect of the same goods or description of goods, the Registrar may refuse to register any of them until their rights have been determined by a competent Court.

Registration of parts of trade marks and of trade marks as a series.

11. (*1*) Where the proprietor of a trade mark claims to be entitled to the exclusive use of any part thereof separately, he may apply to register the whole and the part as separate trade marks.

(*2*) Each such separate trade mark shall satisfy all the conditions applying to, and have all the incidents of, an independent trade mark.

(*3*) Where a person claiming to be the proprietor of several trade marks in respect of the same goods or description of goods which, while resembling each other in the material particulars thereof, yet differ in respect of—

(*a*) statements of the goods in relation to which they are respectively used or proposed to be used; or

(*b*) statements of number, price, quality, or names of places; or

(*c*) other matter of an undistinctive character which does not substantially affect the identity of the trade mark; or

(*d*) colour;

seeks to register those trade marks, they may be registered as a series in one registration.

Associated trade marks.

12. (*1*) Where a trade mark which is registered, or is the subject of an application for registration, in respect of any goods is identical with another trade mark which is registered, or is the subject of an application for registration, in the name of the same proprietor in respect of the same goods or description of goods, or so nearly resembles it as to be likely to deceive or cause confusion if used by a person other than the proprietor, the Registrar may at any time require that the trade marks shall be entered on the register as associated trade marks.

(*2*) Where a trade mark and any part thereof are, in accordance with the provisions of sub-section (*1*) of section 11, registered as separate trade marks in the name of the same proprietor, they shall be deemed to be, and shall be registered as, associated trade marks.

(*3*) All trade marks registered in accordance with the provisions of sub-section (*3*) of section 11 as a series in one registration shall be deemed to be, and shall be registered as, associated trade marks.

(4) On application made in the prescribed manner by the registered proprietor of two or more trade marks registered as associated trade marks, the Registrar may dissolve the association as respects any of them if he is satisfied that there would be no likelihood of deception or confusion being caused if that trade mark were used by any other person in relation to any of the goods in respect of which it is registered, and may amend the register accordingly.

Registration subject to disclaimer.

13. If a trade mark contains—

(a) any part not separately registered as a trade mark in the name of the proprietor, or for the separate registration of which no application has been made, or

(b) any matter common to the trade, or otherwise of an undistinctive character,

the tribunal, in deciding whether the trade mark shall be entered or shall remain on the register, may require, as a condition to its being on the register, that the proprietor shall either disclaim any right to the exclusive use of such part or of all or any portion of such matter, as the case may be, to the exclusive use of which the tribunal holds him not to be entitled, or make such other disclaimer as the tribunal may consider necessary for the purpose of defining the rights of the proprietor under the registration:

Provided that no disclaimer shall affect any rights of the proprietor of a trade mark except such as arise out of the registration of the trade mark in respect of which the disclaimer is made.

CHAPTER III.

PROCEDURE FOR, AND DURATION OF, REGISTRATION.

Application for registration.

14. (1) Any person claiming to be the proprietor of a trade mark used or proposed to be used by him who is desirous of registering it shall apply in writing to the Registrar in the prescribed manner, and subject to the provisions of this Act, the Registrar may refuse the application or may accept it absolutely or subject to such amendments, modifications, conditions or limitations, if any, as he may think fit.

(2) In the case of a refusal or conditional acceptance the Registrar shall state in writing the grounds of his decision.

(3) The tribunal may at any time, whether before or after acceptance, correct any error in or in connection with the application, or may permit the applicant to amend his application upon such terms as it may think fit.

Opposition to registration.

15. (1) When an application for registration of a trade mark has been accepted, whether absolutely or subject to conditions or limitations, the Registrar shall, as soon as may be after acceptance, cause the application as accepted, together with the conditions and limitations, if any, subject to which it has been accepted, to be advertised in the prescribed manner:

Provided that the Registrar may cause an application to be advertised before acceptance if it relates to a trade mark to which clause (c) of sub-section (1) of section 5 applies, or in any other case where it appears to him that it is expedient by reason of any exceptional circumstances so to do, and where an application has been so advertised the Registrar may, if he thinks fit, advertise it again when it has been accepted, but shall not be bound so to do.

(2) Any person may, within the prescribed time from the date of the advertisement of an application, give notice in writing in the prescribed manner to the Registrar of opposition to the registration.

(3) The Registrar shall serve in the prescribed manner a copy of the notice on the applicant, and within the prescribed time the applicant shall send to the Registrar, in the prescribed manner, a counter-statement of the grounds on which he relies for his application, and, if he does not do so, he shall be deemed to have abandoned his application.

(4) If the applicant sends such counter-statement, the Registrar shall serve in the prescribed manner a copy thereof on the persons giving notice of opposition, and shall, after hearing the parties, if so required, and considering the evidence, decide whether, and subject to what conditions or limitations, if any, registration is to be permitted.

(5) If a person giving notice of opposition or an applicant sending a counter-statement after receipt of a copy of such notice, or an appellant against any order of the Registrar under section 14 or this section, neither resides nor carries on business in British India, the tribunal may require him to give security for costs of the proceedings before it, and in default of such security being duly given may treat the opposition or application or appeal, as the case may be, as abandoned.

Registration.

16. (1) When an application for registration of a trade mark has been accepted and either has not been opposed and the time for notice of opposition has expired, or having been opposed, has been decided in favour of the applicant, the Registrar shall, unless the application has been accepted in error, or unless the Central Government otherwise directs, register the said trade mark, and the trade mark, when registered shall be registered as of the date of the making of the said application, and that date shall, subject to any directions made under section 82 applicable to such trade mark, be deemed for the purposes of this Act to be the date of registration.

(2) On the registration of a trade mark the Registrar shall issue to the applicant a certificate in the prescribed form of the registration thereof sealed with the seal of the Patent Office.

(3) Where registration of a trade mark is not completed within twelve months from the date of the application by reasons of default on the part of the applicant, the Registrar may, after giving notice to the applicant in the prescribed manner, treat the application as abandoned unless it is completed within the time specified in that behalf in the notice.

Jointly owned trade marks.

17. (1) Save as provided in sub-section (2), nothing in this Act shall authorise the registration of two or more persons who use a trade mark independently, or propose so to use it, as joint proprietors thereof.

(2) Where the relations between two or more persons interested in a trade mark are such that no one of them is entitled as between himself and the other or others of them to use it except—

(a) on behalf of both or all of them, or

(b) in relation to an article with which both or all of them are connected in the course of trade,

those persons may be registered as joint proprietors of the trade mark, and this Act shall have effect in relation to any rights to the use of the trade mark vested in those persons as if those rights had been vested in a single person.

Duration and renewal of registration.

18. (*1*) The registration of a trade mark shall be for a period of ten years, but may be renewed from time to time in accordance with the provisions of this section.

(*2*) The Registrar shall, on application made by the registered proprietor of a trade mark in the prescribed manner and within the prescribed period, renew the registration of the trade mark for a period of fifteen years from the date of expiration of the original registration or of the last renewal of registration, as the case may be (which date is in this section referred to as "the expiration of the last registration").

(*3*) At the prescribed time before the expiration of the last registration of a trade mark, the Registrar shall send notice in the prescribed manner to the registered proprietor of the date of expiration and the conditions as to payment of fees and otherwise upon which a renewal of registration may be obtained, and if at the expiration of the time prescribed in that behalf those conditions have not been duly complied with the Registrar may remove the trade mark from the register, subject to such conditions (if any) as to its restoration to the register as may be prescribed.

Effect of removal from register for failure to pay fee for renewal.

19. Where a trade mark has been removed from the register for failure to pay the fee for renewal, it shall nevertheless, for the purpose of any application for the registration of another trade mark during one year next after the date of the removal, be deemed to be a trade mark already on the register, unless the tribunal is satisfied either—

(*a*) that there has been no *bona fide* trade use of the trade mark which has been removed during the two years immediately preceding its removal; or

(*b*) that no deception or confusion would be likely to arise from the use of the trade mark which is the subject of the application for registration by reason of any previous use of the trade mark which has been removed.

CHAPTER IV.

EFFECT OF REGISTRATION.

No action for infringement of unregistered trade mark.

20. (*1*) No person shall be entitled to institute any proceeding to prevent, or to recover damages for, the infringement of an unregistered trade mark unless such trade mark has been continuously in use since the 25th day of February, 1937 and unless an application for its registration, made within five years from the commencement of this Act, has been refused; and the Registrar shall, on application in the prescribed manner, grant a certificate that such application has been refused.

(*2*) Nothing in this Act shall be deemed to affect rights of action against any person for passing off goods as the goods of another person or the remedies in respect thereof.

Right conferred by registration.

21. Subject to the provisions of sections 22, 25 and 26, the registration of a person in the register as proprietor of a trade mark in respect of any goods shall, if valid, give to that person the exclusive right to the use of the trade mark in relation to those goods and, without prejudice to the generality of the foregoing provision, that right shall be deemed to be infringed by any person who, not being the proprietor of the trade mark or a registered user thereof using by way of the permitted use, uses a mark identical with it or

so nearly resembling it as to be likely to deceive or cause confusion, in the course of trade, in relation to any goods in respect of which it is registered, and in such manner as to render the use of the mark likely to be taken either—

(*a*) as being use as a trade mark; or

(*b*) to import a reference to some person having the right either as a proprietor or as registered user to use the trade mark or to goods with which such a person as aforesaid is connected in the course of trade.

No infringement in certain circumstances.

22. (*1*) The right to the use of a trade mark given under section 21 by registration shall be subject to any conditions or limitations entered on the register, and shall not be deemed to be infringed by the use of any such mark as aforesaid in any mode, in relation to goods to be sold or otherwise traded in in any place, or in relation to goods to be exported to any market, or in any other circumstances, to which, having regard to any such limitations, the registration does not extend.

(*2*) The said right to the use of a trade mark shall not be deemed to be infringed by the use of any such mark as aforesaid by any person—

(*a*) in relation to goods connected in the course of trade with the proprietor or a registered user of the trade mark if, as to those goods or a bulk of which they form part, the proprietor or the registered user conforming to the permitted use has applied the trade mark and has not subsequently removed or obliterated it, or has at any time expressly or impliedly consented to the use of the trade mark; or

(*b*) in relation to goods adapted to form part of, or to be accessory to, other goods in relation to which the trade mark has been used without infringement of the right given as aforesaid or might for the time being be so used, if the use of the mark reasonably necessary in order to indicate that the goods are so adapted and neither the purpose nor the effect of the use of the mark is to indicate otherwise than in accordance with the fact a connection in the course of trade between any person and the goods.

(*3*) The use of a registered trade mark, being one of two or more registered trade marks which are identical or nearly resemble each other, in exercise of the right to the use of that trade mark given by registration as aforesaid, shall not be deemed to be an infringement of the right so given to the use of any other of those trade marks.

Registration to be *prima facie* evidence of validity.

23. In all legal proceedings relating to a registered trade mark, the fact that a person is registered as proprietor thereof shall be *prima facie* evidence of the validity of the original registration of the trade mark and of all subsequent assignments and transmissions thereof.

Registration to be conclusive as to validity after ten years.

24. In all legal proceedings relating to a registered trade mark, the original registration of the trade mark shall after the expiration of ten years from the date of such original registration be taken to be valid in all respects unless such registration was obtained by fraud, or unless the trade mark offends against the provisions of section 8.

Saving for vested rights.

25. Nothing in this Act shall entitle the proprietor or a registered user of a registered trade mark to interfere with or restrain the use by any person of a trade mark identical with or nearly resembling it in relation to goods in relation to which that person or some predecessor in his business has continuously used that trade mark from a date prior—

(*a*) to the use of the first-mentioned trade mark in relation to those goods by the proprietor or some predecessor in his business, or

(*b*) to the registration of the first-mentioned trade mark in respect of those goods in the name of the proprietor or some predecessor in his business,

whichever is the earlier, or to object (on such use being proved) to registration of that identical or nearly resembling trade mark in respect of those goods under sub-section (*2*) of section 10.

Saving for use of name, address, or description of goods.

26. No registration of a trade mark shall interfere with any *bona fide* use by a person of his own name or that of his place of business, or of the name, or of the name of the place of business, of any of his predecessors in business, or the use by any person of any *bona fide* description of the character or quality of his goods, not being a description that would be likely to be taken as importing any such reference as is mentioned in clause (*b*) of section 21 or in clause (*b*) of section 57.

Words used as name or description of an article or substance.

27. (*1*) The registration of a trade mark shall not be deemed to have become invalid by reason only of any use after the date of the registration of any words which the trade mark contains or of which it consists as the name or description of an article or substance:

Provided that, if it is proved either—

(*a*) that there is a well-known and established use of the said words as the name or description of the article or substance by a person or persons carrying on a trade therein, not being use in relation to goods connected in the course of trade with the proprietor or a registered user of the trade mark or (in the case of a certification trade mark) goods certified by the proprietor; or

(*b*) that the article or substance has been manufactured under a patent, that a period of two years or more after the cesser of the patent has elapsed, and that the said words are the only practicable name or description of the article or substance,—

the provisions of sub-section (*2*) shall apply.

(*2*) Where the facts mentioned in clause (*a*) or clause (*b*) of the proviso to sub-section (*1*) are proved with respect to any words, then—

(*a*) for the purposes of any proceedings under section 46—

(*i*) if the trade mark consists solely of such words, the registration of the trade mark, so far as regards registration in respect of the article or substance in question or of any goods of the same description, shall be deemed to be an entry wrongly remaining on the register;

(ii) if the trade mark contains such words and other matter, the tribunal, in deciding whether the trade mark shall remain on the register, so far as regards registration in respect of the article or substance in question and of any goods of the same description, may in case of a decision in favour of its remaining on the register, require as a condition thereof that the proprietor shall disclaim any right to the exclusive use in relation to that article or substance and any goods of the same description, of such words, provided that no disclaimer shall affect any rights of the proprietor of a trade mark except such as arise out of the registration of the trade mark in respect of which the disclaimer is made;

(b) for the purposes of any other legal proceedings relating to the trade mark,—

(i) if the trade mark consists solely of such words, all rights of the proprietor under this Act or any other law to the exclusive use of the trade mark in relation to the article or substance in question or to any goods of the same description, or

(ii) if the trade mark contains such words and other matter, all such rights of the proprietor to the exclusive use of such words,

in such relation as aforesaid, shall be deemed to have ceased on the date at which the use mentioned in clause (a) of the proviso to sub-section (1) first became well known and established, or at the expiration of the period of two years mentioned in clause (b) of the said proviso.

CHAPTER V.

ASSIGNMENT AND TRANSMISSION.

Power of registered proprietor to assign and give receipts.

28. The person for the time being entered in the register as proprietor of a trade mark shall, subject to the provisions of this Act and to any rights appearing from the register to be vested in any other person, have power to assign the trade mark, and to give effectual receipts for any consideration for such assignment.

Assignability of registered trade marks.

29. Nothwithstanding anything in any other law to the contrary, a registered trade mark shall, subject to the provisions of this Chapter, be assignable and transmissible whether in connection with the goodwill of a business or not, and in respect either of all of the goods in respect of which it is registered or of some only of those goods.

Assignability of unregistered trade marks.

30. An unregistered trade mark shall be assignable and transmissible in the same manner as a registered trade mark if (but not otherwise)—

(a) at the time of assignment or transmission of the unregistered trade mark it is used in the same business as a registered trade mark, and

(b) the registered trade mark is assigned or transmitted at the same time and to the same person as the unregistered trade mark, and

(c) the unregistered trade mark relates only to goods in respect of which the registered trade mark is assigned or transmitted.

Restrictions on assignment or transmission where multiple exclusive rights would be created.

31. (*1*) Notwithstanding anything in sections 29 and 30, a trade mark shall not be assignable or transmissible in a case in which as a result of the assignment or transmission there would in the circumstances subsist, whether under this Act or any other law, exclusive rights in more than one of the persons concerned to the use, in relation to the same goods or description of goods, of trade marks nearly resembling each other or of identical trade marks, if, having regard to the similarity of the goods and of the trade marks, the use of the trade marks in exercise of those rights would be likely to deceive or cause confusion:

Provided that an assignment or transmission shall not be deemed to be invalid under this sub-section if the exclusive rights subsisting as a result thereof in the persons concerned respectively are, having regard to limitations imposed thereon, such as not to be exercisable by two or more of those persons in relation to goods to be sold, or otherwise traded in, within British India (otherwise than for export therefrom), or in relation to goods to be exported to the same market outside British India.

(*2*) The proprietor of a registered trade mark who proposes to assign it may submit to the Registrar in the prescribed manner a statement of case setting out the circumstances and the Registrar may issue to him a certificate stating whether, having regard to the similarity of the goods and of the trade marks referred to in the case, the proposed assignment would or would not be invalid under sub-section (*1*), and a certificate so issued shall, subject to appeal and unless it is shown that the certificate was obtained by fraud or misrepresentation, be conclusive as to the validity or invalidity under sub-section (*1*) of the assignment in so far as such validity or invalidity depends upon the facts set out in the case, but, as regards a certificate in favour of validity, only if application for the registration under section 35 of the title of the person becoming entitled is made within six months from the date on which the certificate is issued.

Restrictions on assignment or transmission when exclusive rights would be created in different parts of British India.

32. Notwithstanding anything in sections 29 and 30, a trade mark shall not be assignable or transmissible in a case in which as a result of the assignment or transmission there would in the circumstances subsist, whether under this Act or any other law, an exclusive right in one of the persons to the use of the trade mark limited to use in relation to goods to be sold, or otherwise traded in, in any place in British India and an exclusive right in another of these persons to the use of a trade mark nearly resembling the first-mentioned trade mark or of an identical trade mark in relation to the same goods or description of goods limited to use in relation to goods to be sold, or otherwise trade in, in any other place in British India:

Provided that in any such case, on application in the prescribed manner by the proprietor of a trade mark who proposes to assign it, or by a person who claims that a registered trade mark has been transmitted to him or to a predecessor in title of his since the commencement of this Act, the Registrar, if he is satisfied that in all the circumstances the use of the trade mark in exercise of the said rights would not be contrary to the public interest, may approve the assignment or transmission, and an assignment or transmission so approved shall not, unless it is shown that the approval was obtained by fraud or misrepresentation, be deemed to be invalid under this section or section 31 if application for the registration under section 35 of the title of the person becoming entitled is made within six months from the date on which the approval is given or, in the case of a transmission, was made before that date.

Conditions for assignment otherwise than in connection with the goodwill of a business.

33. Where an assignment in respect of any goods of a trade mark which is at the time of the assignment used in a business in those goods, is made after the commencement of this Act otherwise than in connection with the goodwill of that business, the assignment shall not take effect unless the assignee, not later than the expiration of six months from the date on which the assignment is made or within such extended period, if any, as the Registrar may allow, applies to the Registrar for directions with respect to the advertisement of the assignment, and advertises it in such form and manner and within such period as the Registrar may direct.

Conditions for assignment and transmission of certification trade marks and associated trade marks.

34. (*1*) A certification trade mark shall not be assignable or transmissible otherwise than with the consent of the Central Government, for which application shall be made in writing in the prescribed manner through the Registrar.

(*2*) Associated trade marks shall be assignable and transmissible only as a whole and not separately.

Registration of assignments and transmission.

35. (*1*) Where a person becomes entitled by assignment or transmission to a registered trade mark, he shall apply in the prescribed manner to the Registrar to register his title, and the Registrar shall on receipt of the application and on proof of title to his satisfaction, register him as the proprietor of the trade mark in respect of the goods in respect of which the assignment or transmission has effect, and shall cause particulars of the assignment or transmission to be entered on the register.

(*2*) Except for the purposes of an appeal against a decision of the Registrar under sub-section (*1*) or of an application under section 46, a document or instrument in respect of which no entry has been made in the register in accordance with sub-section (*1*) shall not be admitted in evidence before any tribunal in proof of the title to a trade mark unless the tribunal otherwise directs.

CHAPTER VI.

USE OF TRADE MARKS AND REGISTERED USERS.

Proposed use of trade mark by company to be formed.

36. (*1*) No application for the registration of a trade mark in respect of any goods shall be refused, nor shall permission for such registration be withheld, on the ground only that it appears that the applicant does not use or propose to use the trade mark, if the Registrar is satisfied that a company is about to be formed and registered under the Indian Companies Act, 1913, and that the applicant intends to assign the trade mark to that company with a view to the use thereof in relation to those goods by the company. VII of 1913.

(*2*) The tribunal may, in a case to which sub-section (*1*) applies, require the applicant to give security for the costs of any proceedings relative to any opposition or appeal, and in default of such security being duly given may treat the application as abandoned.

(*3*) Where in a case to which sub-section (*1*) applies, a trade mark is registered in the name of an applicant who relies on intention to assign to a company, then, unless within such period as may be prescribed, or within such further period not exceeding six months as the Registrar may, on application being made to him in the prescribed manner, allow, the company has been registered as the proprietor of the trade mark in respect of those goods, the registration shall cease to have effect in respect thereof at the expiration of that period, and the Registrar shall amend the register accordingly.

Removal from register and imposition of limitations on ground of non-use.

37. (*1*) Subject to the provisions of section 38, a registered trade mark may be taken off the register in respect of any of the goods in respect of which it is registered on application in the prescribed manner by any person aggrieved to a High Court or to the Registrar, on the ground either—

(*a*) that the trade mark was registered without any *bona fide* intention on the part of the applicant for registration that it should be used in relation to those goods by him or, in a case to which the provisions of section 36 apply, by the company concerned, and that there has in fact been no *bona fide* use of the trade mark in relation to those goods by any proprietor thereof for the time being up to the date one month before the date of the application; or

(*b*) that up to the date one month before the date of the application, a continuous period of five years or longer elapsed during which the trade mark was registered and during which there was no *bona fide* use thereof in relation to those goods by any proprietor thereof for the time being:

Provided that, except where the applicant has been permitted under sub-section (*2*) of section 10 to register an identical or nearly resembling trade mark in respect of the goods in question or where the tribunal is of opinion that he might properly be permitted so to register such a trade mark, the tribunal may refuse an application made under clause (*a*) or clause (*b*) in relation to any goods, if it is shown that there has been, before the relevant date or during the relevant period, as the case may be, *bona fide* use of the trade mark by any proprietor thereof for the time being in relation to goods of the same description, being goods in respect of which the trade mark is registered.

(*2*) Where in relation to any goods in respect of which a trade mark is registered—

(*a*) the circumstances referred to in clause (*b*) of sub-section (*1*) are shown to exist so far as regards non-use of the trade mark in relation to goods to be sold, or otherwise traded in, in a particular place in British India (otherwise than for export from British India), or in relation to goods to be exported to a particular market outside British India, and

(*b*) a person has been permitted under sub-section (*2*) of section 10 to register an identical or nearly resembling trade mark in respect of those goods under a registration extending to use in relation to goods to be so sold, or otherwise traded in, or in relation to goods to be so exported, or the tribunal is of opinion that he might properly be permitted so to register such a trade mark,

on application by that person in the prescribed manner to a High Court or to the Registrar, the tribunal may impose on the registration of the first-mentioned trade mark such limitations as it thinks proper for securing that that the registration shall cease to extend to such use.

(*3*) An applicant shall not be entitled to rely for the purpose of clause (*b*) of sub-section (*1*) or of sub-section (*2*) on any non-use of a trade mark which is shown to have been due to special circumstances in the trade and not to any intention not to use or to abandon the trade mark in relation to the goods to which the application relates.

Defensive registration of well-known trade marks.

38. (*1*) Where a trade mark consisting of any invented word has become so well-known as respects any goods in relation to which it is registered and has been used, that the use thereof in relation to other goods would be likely to be taken as indicating a connection in the course of trade between those goods and a person entitled to use the trade mark in relation to the first-mentioned goods, then, notwithstanding that the proprietor registered in respect of the first-mentioned goods does not use or propose to use the trade mark in relation to those other goods and notwithstanding anything in section 37, the trade mark may on application in the prescribed manner by such proprietor be registered in his name in respect of those other goods as a defensive trade mark and, while so registered, shall not be liable to be taken off the register in respect of those goods under the said section.

(*2*) The registered proprietor of a trade mark may apply for the registration thereof in respect of any goods as a defensive trade mark notwithstanding that it is already registered in his name in respect of those goods otherwise than as a defensive trade mark, or may apply for the registration thereof in respect of any goods otherwise than as a defensive trade mark notwithstanding that it is already registered in his name in respect of those goods as a defensive trade mark, in lieu in each case of the existing registration.

(*3*) A trade mark registered as a defensive trade mark and that trade mark as otherwise registered in the name of the same proprietor shall, notwithstanding that the respective registrations are in respect of different goods, be deemed to be, and shall be registered as, associated trade marks.

(*4*) On application in the prescribed manner by any person aggrieved to a High Court or to the Registrar, the registration of a trade mark as a defensive trade mark may be cancelled on the ground that the requirements of sub-section (*1*) are no longer satisfied in respect of any goods in relation to which the trade mark is registered in the name of the same proprietor otherwise than as a defensive trade mark, or may be cancelled as respects any goods in relation to which it is registered as a defensive trade mark on the ground that there is no longer any likelihood that the use of the trade mark in relation to those goods would be taken as giving the indication mentioned in sub-section (*1*).

(*5*) The Registrar may at any time cancel the registration as a defensive trade mark of a trade mark of which there is no longer any registration in the name of the same proprietor or otherwise than as a defensive trade mark.

(*6*) Except as otherwise expressly provided in this section, the provisions of this Act shall apply in respect of the registration of trade marks as defensive trade marks and of trade marks so registered as they apply in other cases.

Registered users.

39. (*1*) A person other than the proprietor of a trade mark may be registered as a registered user thereof in respect of all or any of the goods in respect of which it is registered (otherwise than as a defensive trade mark) and either with or without conditions or restrictions.

(*2*) The permitted use of a trade mark shall be deemed to be use by the proprietor thereof, and shall be deemed not to be use by a person other than the proprietor, for any purpose for which such use is material under this Act or any other law.

Power of registered user to take proceedings against infringement.

40. (*1*) Subject to any agreement subsisting between the parties, a registered user of a trade mark shall be entitled to call upon the proprietor thereof to take proceedings to prevent infringement thereof, and if the proprietor refuses or neglects to do so within three months after being so called upon, the registered user may institute proceedings for infringement in his own name as if he were the proprietor, making the proprietor a defendant.

(*2*) Notwithstanding anything contained in any other law, a proprietor so added as defendant shall not be liable for any costs unless he enters an appearance and takes part in the proceedings.

Application for registration as registered user.

41. (*1*) Where it is proposed that a person should be registered as a registered user of a trade mark, the proprietor and the proposed registered user shall make application in writing to the Registrar in the prescribed manner accompanied by an affidavit made by the proprietor, or by some person authorised to the satisfaction of the Registrar to act on his behalf,—

(*a*) giving particulars of the relationship, existing or proposed, between the proprietor and the proposed registered user, including particulars showing the degree of control by the proprietor over the permitted use which their relationship will confer and whether it is a term of their relationship that the proposed registered user shall be the sole registered user or that there shall be any other restriction as to persons for whose registration as registered users application may be made;

(*b*) stating the goods in respect of which registration is proposed;

(*c*) stating any conditions or restrictions proposed with respect to the characteristics of the goods, to the mode or place of permitted use, or to any other matter;

(*d*) stating whether the permitted use is to be for a period or without limit of period, and, if for a period, the duration thereof;

and by such further documents, information or evidence as may be required by the Registrar or as may be prescribed.

(*2*) When the requirements of sub-section (*1*) have been complied with, if the Registrar is satisfied that in all the circumstances the use of the trade mark in respect of the proposed goods or any of them by the proposed registered user subject to any conditions or restrictions which the Registrar may think proper, would not be contrary to the public interest, the Registrar may register, subject as aforesaid, the proposed registered user as a registered user in respect of the goods as to which he is so satisfied.

(*3*) The Registrar shall refuse an application under this section if it appears to him that the grant thereof would tend to facilitate trafficking in a trade mark.

(*4*) The Registrar may, if so requested by an applicant, take steps for securing that information given for the purposes of an application under this section (other than matter entered in the register) is not disclosed to rivals in trade.

(5) The Registrar shall issue notice in the prescribed manner—

(a) of the registration of a person as a registered user, to any other registered user of the trade mark;

(b) of an application under section 42, to the registered proprietor, and each registered user, (not being the applicant) of the trade mark.

Power to Registrar to vary or cancel registration as registered user.

42. Without prejudice to the provisions of section 46, the registration of a person as a registered user—

(a) may be varied by the Registrar as regards the goods in respect of which, or any conditions or restrictions subject to which, it has effect, on the application in writing in the prescribed manner of the registered proprietor of the trade mark;

(b) may be cancelled by the Registrar on the application in writing in the prescribed manner of the registered proprietor or of the registered user or of any other registered user of the trade mark;

(c) may be cancelled by the Registrar on the application in writing in the prescribed manner of any person on any of the following grounds, namely:—

(i) that the registered user has used the trade mark otherwise than by way of the permitted use, or in such a way as to cause or to be likely to cause, deception or confusion;

(ii) that the proprietor or the registered user misrepresented, or failed to disclose, some fact material to the application for the registration, or that the circumstances have materially changed since the date of the registration;

(iii) that the registration ought not to have been effected having regard to rights vested in the applicant by virtue of a contract in the performance of which he is interested;

(d) may be cancelled by the Registrar in respect of any goods in relation to which the trade mark is no longer registered.

Registered user not to have right of assignment or transmission.

43. Nothing in this Act shall confer on a registered user of a trade mark any assignable or transmissible right to the use thereof.

Use of one of associated or substantially identical trade marks equivalent to use of another.

44. (1) Where under the provisions of this Act use of a registered trade mark is required to be proved for any purpose, the tribunal may, if and so far as it shall think right, accept use of a registered associated trade mark, or of the trade mark with additions or alterations not substantially affecting its identity, as an equivalent for the use required to be proved.

(2) The use of the whole of a registered trade mark shall for the purposes of this Act be deemed to be also a use of any trade mark being a part thereof and registered in accordance with sub-section (1) of section 11 in the name of the same proprietor.

Use of trade mark for export trade, and use when form of trade connection changes.

45. (*1*) The application in British India of a trade mark to goods to be exported from British India, and any other act done in British India in relation to goods to be so exported which, if done in relation to goods to be sold or otherwise traded in within British India would constitute use of a trade mark therein, shall be deemed to constitute use of the trade mark in relation to those goods for any purpose for which such use is material under this Act or any other law.

(*2*) The use of a registered trade mark in relation to goods between which and the person using the mark any form of connection in the course of trade subsists shall not be deemed to be likely to cause deception or confusion on the ground only that the mark has been or is used in relation to goods between which and the person using the mark or any prodecessor in his business, different form of connection in the course of trade subsisted or subsists.

CHAPTER VII.

RECTIFICATION AND CORRECTION OF THE REGISTER.

Power to cancel or vary registration and to rectify the register.

46. (*1*) On application in the prescribed manner by any person aggrieved to a High Court or to the Registrar, the tribunal may make such order as it may think fit for cancelling or varying the registration of a trade mark on the ground of any contravention of, or failure to observe a condition entered on the register in relation thereto.

(*2*) Any person aggrieved by the absence or omission from the register of any entry, or by any entry made in the register without sufficient cause, or by any entry wrongly remaining on the register, or by any error or defect in any entry in the register, may apply in the prescribed manner to a High Court or to the Registrar, and the tribunal may make such order for making, expunging or varying the entry as it may think fit.

(*3*) The tribunal may in any proceeding under this section decide any question that it may be necessary or expedient to decide in connection with the rectification of the register.

(*4*) A High Court or the Registrar, of its or his own motion, may, after giving notice in the prescribed manner to the parties concerned and after giving them an opportunity of being heard, make any order referred to in sub-section (*1*) or sub-section (*2*).

(*5*) Any order of the Court rectifying the register shall direct that notice of the rectification shall be served upon the Registrar in the prescribed manner who shall upon receipt of such notice rectify the register accordingly.

Correction of register.

47. (*1*) The Registrar may, on application made in the prescribed manner by the registered proprietor,—

(*a*) correct any error in the name, address or description of the registered proprietor of a trade mark;

(*b*) enter any change in the name, address or description of the person who is registered as proprietor of a trade mark;

(*c*) cancel the entry of a trade mark on the register;

(*d*) strike out any goods or classes of goods from those in respect of which a trade mark is registered;

(*e*) enter a disclaimer or memorandum relating to a trade mark which does not in any way extend the rights given by the existing registration of the trade mark.

(*2*) The Registrar, may, on application made in the prescribed manner by a registered user of a trade mark, correct any error, or enter any change, in the name, address or description of the registered user.

Alteration of registered trade marks.

48. (*1*) The registered proprietor of a trade mark may apply in the prescribed manner to the Registrar for leave to add to or alter the trade mark in any manner not substantially affecting the identity thereof, and the Registrar may refuse leave or may grant it on such terms and subject to such limitations as he may think fit.

(*2*) The Registrar may cause an application under this section to be advertised in the prescribed manner in any case where it appears to him that it is expedient so to do, and where he does so, if within the prescribed time from the date of the advertisement any person gives notice to the Registrar in the prescribed manner of opposition to the application, the Registrar shall, after hearing the parties if so required, decide the matter.

(*3*) Where leave is granted under this section, the trade mark as altered shall be advertised in the prescribed manner, unless the application has already been advertised under sub-section (*2*).

Adaptation of entries in register to amended or substituted classification of goods.

49. (*1*) The Registrar shall not, in exercise of any power conferred on him under clause (*a*) of sub-section (*2*) of section 83, make any amendment of the register which would have the effect of adding any goods or classes of goods to those in respect of which a trade mark is registered (whether in one or more classes) immediately before the amendment is to be made, or of antedating the registration of a trade mark in respect of any goods:

Provided that this sub-section shall not apply when the Registrar is satisfied that compliance therewith would involve undue complexity and that the addition or antedating, as the case may be, would not affect any substantial quantity of goods and would not substantially prejudice the rights of any person.

(*2*) A proposal so to amend the register shall be notified to the registered proprietor of the trade mark affected and advertised in the prescribed manner, and may be opposed before the Registrar by any person aggrieved on the ground that the proposed amendment contravenes the provisions of sub-section (*1*).

CHAPTER VIII.

CERTIFICATION TRADE MARKS.

Provisions of this Act applicable to certification trade marks.

50. Subject to the provisions of this Chapter, the other provisions of this Act except sections 6, 21, 22, 31, 32, 33, 36, 37, 38, 39, 40, 41, 42, 43 and 75 and sub-section (*2*) of section 45 shall apply to certification trade marks as they apply to trade marks.

Certification trade marks not to be registered in name of person trading in goods certified thereby.

51. A mark shall not be registrable as a certification trade mark in the name of a person who carries on a trade in goods of the kind certified.

Determination whether a mark is a certification trade mark.

52. In determining whether a mark is adapted to distinguish in accordance with the provisions of clause (*b*) of sub-section (*1*) of section 2, the tribunal may have regard to the extent to which—

(*a*) the mark is inherently so adapted to distinguish in relation to the goods in question; and

(*b*) by reason of the use of the mark or of any other circumstances, the mark is in fact so adapted to distinguish in relation to the goods in question.

Application for registration.

53. (*1*) An application for the registration of a mark as a certification trade mark shall be made to the Registrar in writing in the prescribed manner by the person proposed to be registered as the proprietor thereof, and accompanied by a draft of the regulations to be deposited under section 56.

(*2*) The provisions of section 14 shall have effect in relation to an application under this section as they have effect in relation to an application under the said section, except that for references therein to acceptance of an application there shall be substituted, references to authorisation to proceed with the application.

(*3*) In dealing under the said provisions with an application under this section, the tribunal shall have regard to the like considerations, so far as relevant, as if the application were an application under section 14 and to any other considerations (not being matters within the competence of the Central Government under section 54) relevant to applications under this section, including the desirability of securing that a certification trade mark shall comprise some indication that it is a certification trade mark.

Consideration of application for registration by Central Government.

54. When authorisation to proceed with an application under section 53 has been given, the Registrar shall forward the application to the Central Government who shall consider the application with regard to the following matters, namely:—

(*a*) whether the applicant is competent to certify the goods in respect of which the mark is to be registered;

(*b*) whether the draft of the regulations to be deposited under section 56 is satisfactory;

(*c*) whether in all the circumstances the registration applied for would be to the public advantage;

and may either—

(*i*) direct that the application shall not be accepted; or

(*ii*) direct the Registrar to accept the application and approve the said draft of the regulations either without modification and unconditionally or subject to any conditions or limitations, or to any amendments or modification of the application or of the regulations, which it thinks requisite having regard to any of the said matters;

but, except in the case of a direction for acceptance and approval without modification and unconditionally, the Central Government shall not decide the matter without giving to the applicant an opportunity of being heard:

Provided that the Central Government may, at the request of the applicant made with the concurrence of the Registrar, consider the application with regard to any of the said matters before authorisation to proceed with the application has been given, so however that the Central Government shall be at liberty to reconsider any matter on which it has given a decision under this proviso if any amendment or modification is thereafter made in the application or in the draft of the regulations.

Opposition to registration.

55. (*1*) When an application has been accepted the Registrar shall, as soon as may be thereafter, cause the application as accepted to be advertised in the prescribed manner, and the provisions of section 15 shall have effect in relation to the registration of the mark as if the application had been an application under section 14:

Provided that, in deciding under the said provisions the tribunal shall have regard only to the considerations referred in sub-section (*3*) of section 53, and a decision under the said provisions in favour of the applicant shall be conditional on the determination in his favour by the Central Government under sub-section (*2*) of this section of any opposition relating to any of the matters referred to in section 54.

(*2*) When notice of opposition is given relating to any of the matters referred to in section 54, the Central Government shall, after hearing the parties, if so required, and considering any evidence, decide whether, and subject to what conditions or limitations, or amendments or modifications, if any, of the application or of the regulations to be deposited under section 56, registration is, having regard to those matters, to be permitted.

Deposit of regulations governing the use of a certification trade mark.

56. (*1*) There shall be deposited at the Patent Office in respect of every mark registered as a certification trade mark regulations approved by the Central Government for governing the use thereof, which shall include provisions as to the cases in which the proprietor is to certify goods and to authorise the use of the certification trade mark, and may contain any other provisions which the Central Government may by general or special order require or permit to be inserted therein (including provisions conferring a right of appeal to the Registrar against any refusal of the proprietor to certify goods or to authorise the use of the certification trade mark in accordance with the regulations); and regulations so deposited shall be open to inspection in like manner as the register.

(*2*) The regulations so deposited may on the application of the registered proprietor be altered by the Registrar with the consent of the Central Government.

(*3*) The Central Government may cause such application to be advertised in any case where it appears to it expedient so to do, and where it does so, if within the time specified in the advertisement any person gives notice of opposition to the application, the Central Government shall not decide the matter without giving the parties an opportunity of being heard.

Right conferred by registration.

57. Subject to the provisions of sections 25, 26 and 58, the registration of a person as proprietor of a certification trade mark in respect of any goods shall, if valid, give to that person the exclusive right to the use of the certification trade mark in relation to those goods, and, without prejudice to the generality of the foregoing provision, that right shall be deemed to be infringed by any person who, not being the proprietor

of the mark or a person authorised by him in that behalf under the regulations deposited under section 56, using it in accordance therewith, uses a mark identical with it or so nearly resembling it as to be likely to deceive or cause confusion, in the course of trade, in relation to any goods in respect of which it is registered, and in such manner as to render the use of the mark likely to be taken either—

(a) as being used as a certification trade mark; or

(b) to import a reference to some person having the right either as proprietor, or by his authorisation under the said regulations, to use the mark, or to goods certified by the proprietor.

No infringement in certain circumstances.

58. (1) The right to the use of a certification trade mark given under section 57 by registration shall be subject to any conditions or limitations entered on the register, and shall not be deemed to be infringed by the use of any such mark as aforesaid in any mode, in relation to goods to be sold or otherwise traded in in any place in relation to goods to be exported to any market, or in any other circumstances, to which having regard to any such limitations, the registration does not extend.

(2) The said right to the use of a certification trade mark shall not be deemed to be infringed by the use of any such mark as aforesaid by any person—

(a) in relation to goods certified by the proprietor of the mark if, as to those goods or a bulk of which they form part, the proprietor or another in accordance with his authorisation under the relevant regulations has applied the mark and has not subsequently removed or obliterated it, or the proprietor has at any time expressly or impliedly consented to the use of the mark, or

(b) in relation to goods adapted to form part of, or to be accessory to, other goods in relation to which the mark has been used without infringement of the right given as aforesaid or might for the time being be so used, if the use of the mark is reasonably necessary in order to indicate that the goods are so adapted and neither the purpose nor the effect of the use of the mark is to indicate otherwise than in accordance with the fact that the goods are certified by the proprietor:

Provided that clause (a) shall not apply to the case of use consisting of the application of any such mark as aforesaid to any goods, notwithstanding that they are such goods as are mentioned in that clause, if such application is contrary to the said regulations.

(3) Where a certification trade mark is one of two or more registered certification trade marks which are identical or nearly resemble each other, the use of any of those marks in exercise of the right to the use of that mark given by registration, shall not be deemed to be an infringement of the right so given to the use of any other of those marks.

Cancellation or varying of registration.

59. (1) The Central Government may, on the application in the prescribed manner of any person aggrieved or on the recommendation of the Registrar, and after giving the proprietor an opportunity of opposing the application or recommendation, make such order as

it thinks fit for expunging or varying any entry in the register relating to a certification trade mark, or for varying the deposited regulations, on any of the following grounds, namely:—

(a) that the proprietor is no longer competent, in the case of any of the goods in respect of which the mark is registered, to certify those goods;

(b) that the proprietor has failed to observe any provision of the deposited regulations to be observed on his part;

(c) that it is no longer to the public advantage that the mark should be registered;

(d) that it is requisite for the public advantage that, if the mark remains registered, the regulations should be varied;

and neither a High Court nor the Registrar shall have any jurisdiction to make an order under section 46 on any of those grounds.

(2) The Registrar shall rectify the register and the deposited regulations in such manner as may be requisite for giving effect to an order made under sub-section (1).

Costs not to be awarded in certain cases.

60. The Registrar shall have no power to award costs to or against any party on an appeal to him against a refusal of the proprietor of a certification trade mark to certify goods or to authorise the use of the mark.

Decisions of Central Government to be final.

STATEMENT OF OBJECTS AND REASONS.

In May 1879 the Government of India introduced a Bill in the Imperial Legislative Council for the registration of trade marks in India, but legislation was not proceeded with owing to lack of support from commercial bodies. Since then the question of undertaking legislation has been considered by the Government of India on several occasions. Until 1928, commercial opinion in India was found, either unanimously or on the balance, to be against the proposal. The demand for legislation has, however, strengthened during the last 10 years with the growth of industry and trade in India and the increasing realisation that without a system of statutory registration trade marks cannot enjoy adequate protection either at home or abroad.

The proposals in the Bill which are generally based on the United Kingdom Trade Marks Act, 1938 (1 & 2 Geo. 6, Ch. 22) are explained in the notes on clauses below.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 15th September, 1939 —

L. A. BILL No. 47 OF 1939.

A Bill further to amend the Indian Merchant Shipping Act, 1923.

WHEREAS it is expedient further to amend the Indian Merchant Shipping Act, 1923, for a certain purpose; It is hereby enacted as follows :— XXI of 1923.

Short title.

1. This Act may be called the Indian Merchant Shipping (Amendment) Act, 1938.

Amendment of section 193, Act XXI of 1923.

2. In sub-section (*1*) of section 193 of the Indian Merchant Shipping Act, 1923— XXI of 1923

(*a*) for the words "sixteen and ninety-six" the words "eighteen and one hundred and eight" shall be substituted ;

(*b*) for the word "available" the words "allotted and marked separately" shall be substituted ; and

(*c*) for the word "pilgrims" the words "each pilgrim" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Section 193(*1*) of the Indian Merchant Shipping Act, 1923, provides for a space of 16 superficial feet and 96 cubic feet, respectively, for pilgrims carried by pilgrim ships. In allotting the space, no separate allotment is made or marked for each pilgrim and the count is taken, in calculating the number of pilgrims, of the entire superficial space in-between decks, including nooks and corners and other spaces which are not capable of any use whatever. Besides, the space allotted is inadequate. It is proposed, therefore, to amend the aforesaid section to remove the inconvenience caused to the pilgrims due to inadequate space and lack of individual allotment.

CORPORATION OF CALCUTTA.

Central Municipal Office, the 7th October 1939.

Bye-election to elect a Councillor of the Corporation of Calcutta for the General Constituency—Collootola (Ward No. 8) in one of the two seats not reserved for Muhammadans.

NOTICE.

In compliance with provisions of sub-section (2) of section 28 of Bengal Act III of 1923, it is hereby notified that Mr. Ananda Lall Poddar has been declared duly elected as a Councillor of the Corporation of Calcutta for the General Constituency—Collootola (Ward No. 8) in one of the two seats not reserved for Muhammadans.

J. C. MUKERJEA,
Chief Executive Officer.

Annual Report on the working of the office of the Employment Adviser to the Government of Bengal for the year 1938-39.

I. General.

1. I was appointed to this special post for a period of one year by Government Order No. 569T.—A.I., dated the 3rd June 1938. I joined my post on the forenoon of 8th August 1938 and the office come into existence on and from that date. I held the post throughout the year.

2. According to Government Order No. 569T.—A.I., dated the 3rd June 1938, my designation was "Unemployment Adviser to the Government of Bengal". This designation was changed to "Employment Adviser to the Government of Bengal" by Government Notification No. 10317Ind., dated the 7th December 1938. At first this change caused some speculation in the minds of the public, but gradually people understood the implications of the change.

3. My office during this period consisted of one Head Assistant (Upper Division), one temporary clerk (Lower Division) and one temporary typist. There were three orderlies attached to my office.

4. During the period from 8th August 1938 to 31st March 1939 I was out on tour for 68 days. In addition, I went on visits to various mills, factories and businessmen in and around Calcutta (within the five-mile limit). I paid as many as 75 such visits. In all I visited ten jute mills, one jute press, five cotton mills, two paper mills, three sugar mills, one iron and steel works, three engineering works, one paint and varnish works, five hosiery factories, one pottery works, five tea estates, three glass factories, three match factories and a number of smaller factories and establishments and technical and vocational institutions.

II. Duties and Functions.

5. According to Government Order No. 569T.—A.I., dated the 3rd June 1938, my duties and functions were fourfold:—

(*a*) Preparation of lists of different avenues of employment in Bengal with indication of the share of Bengalis and the prospects of absorption of future entrants in each occupation;

(*b*) Indication of the training necessary to qualify for each such occupation, where it can be obtained and, if possible, at what cost;

(*c*) Giving of adequate publicity through appropriate channels to recruitments in different employments by the Central Government and also taking of such necessary steps as may be considered necessary to enable Bengalis to take the fullest advantage of such opportunities; and giving publicity to the training, etc., that may be necessary to qualify for these appointments; and

(*d*) Preparation of materials necessary to advise and assist students who intend to go abroad for education or practical training, and, where necessary, negotiation with firms and foreign Governments for the training and apprenticeship of such students.

6. After some discussions and notings, however, it was decided that (*d*) above should be excluded from the scope of my work and that my duties should consist of—

(*a*) Preparation of a Handbook giving details of opportunities of employment in the various departments of the Government of India as also of the Government of Bengal and in such institutions as the Railways, Steamship Companies, Port Trusts, District Boards and Municipalities. Where necessary, the Handbook is also to give particulars of special training that may be required in order to qualify for these posts.

(*b*) Preparation of another Handbook giving details of opportunities of employment in the various branches of industry, trade and commerce in this Province, indicating the share of Bengalis and the prospects of further absorption of Bengalis therein. Here also, the Handbook is to give particulars of special training that may be required in order to qualify for these employments.

(*c*) Sending out informations regarding new recruitments in the various departments of the Government of India as also in such institutions as the Railways, Port Trusts and Steamship Companies, to the two Universities (Calcutta and Dacca) and other appropriate institutions.

(*d*) Giving advice to individual students and unemployed young men as to how they should proceed and what they should do in order to earn a living.

III. Work done during the period under review.

7. Preparation of the Handbook referred to in paragraph 6 (*a*) above was completed during the period under review. This Handbook is intended to serve as a guide to such parents and guardians as are generally in the dark about the possibilities and prospects of Government and semi-Government employment for their sons and wards and is also meant to be of help to students and educated youngmen. It has been divided into five main sections. The first section gives an account of the Imperial and Superior Central Services, recruitment to which is ordinarily made either on the results of a competitive examination or by a process of selection in which the Federal Public Service Commission invariably takes part. The second section deals with the Army, Navy and Air Force which are attracting more and more of Indian young men every year. The third section deals with various miscellaneous departments under the control of the Government of India recruitment to which is not necessarily made on the advice of the Federal Public Service Commission. The fourth section deals with posts under the administrative control of the Government of Bengal and the last section deals with posts in institutions like the Railways, Port Trusts and Steamship Companies operating in this

Province as also in the District Boards and Municipalities of Bengal. The typescripts will soon be sent to the Bengal Government Press for publication as a convenient Handbook for the use of the people of this Province. (*This Handbook has been published since.*)

8. The work to be done under 6 (*b*) above, however, is of an entirely novel character and so I had to spend the first few months in preparing the ground. Immediately after joining my post, I got in touch with the various Chambers of Commerce in Calcutta and a number of leading industrialists and businessmen. I explained to them the fact that the problem of middle class unemployment was engaging the serious attention of Government and that they were anxious to do their utmost in the matter. At the same time I took great pains to explain to them that Government did not propose to intrude on their elementary right of employing the fittest men according to their point of view, nor did they propose to dictate that they must take in people of a particular class or community. What I asked for was their co-operation in the endeavour to find out additional avenues of employment for the unemployed youngmen of Bengal and this co-operation the majority of the business magnates I approached personally (barring one or two unfortunate exceptions) readily offered.

9. I then drew up an Employment Enquiry Form in which I asked the various mills, factories and business houses to supply me with a number of particulars about their employees. An assurance was given that all information supplied would be treated as strictly confindential and that Government were interested only in tabulating the information for each trade or industry and did not want to publish details with regard to every individual establishment.

10. Replies giving particulars of employees continued to pour in steadily: mills and factories under European control and management chose to send their replies through their various Associations or Chambers, while Indian owned concerns generally sent their replies direct to me. In most cases, however, at least two to three reminders had to be given before a reply could be had and five to six reminders were also not uncommon. Sometimes some concerns, after receiving five or six reminders, would naïvely say that the letter and the Form had been mislaid and request me to be so good as to send fresh copies thereof. For this reason, an investigation which could have been easily finished in, say, eight to ten months will now take some time longer. As the various factories and business houses are scattered all over the Province and as I have got no proper assistant who could help me in my work by making personal visits to the various defaulting concerns and getting the necessary information from them, this delay, much as I regret it, cannot be helped.

11. I should, however, mention here that fairly complete data have already been collected for certain industries and trades, e.g., cotton mills, electric supply corporations and tramway undertakings, pen and pencil factories, battery works, glass factories, plumbing trade and motor car repairing and coach building works. Summaries are being prepared.

12. During the period under review informations regarding new recruitments in the various departments of the Government of India and in such institutions as the Railways, Port Trusts and Steamship Companies were regularly received at this office. These informations were passed on to the two Universities of Calcutta and Dacca, to the

more important colleges in Calcutta and to other appropriate institutions all over the Province. This service has been greatly appreciated by the various colleges and technical and general institutions addressed to by my office.

13. A good deal of time was spent in giving advice to individual students and unemployed youngmen as to what they should do in order to qualify for jobs or make a start in life. Everyday, on an average, I had to give interviews to at least half a dozen students and unemployed young men and during the period under review I interviewed as many as 485 such persons. The number of persons seeking interviews is daily on the increase. During this period the Secretaries of four associations of unemployed youngmen (the Bengal Provincial Unemployed Brigade, the Bengal Unemployed Youths' Union, the Bengal Provincial Unemployed Federation and the Bekar Bandab Samiti) also saw me and discussed the question of middle class unemployment with me.

14. Enquiries regarding prospects of employment were also received by post. As many as 106 such enquiries were received and I tried my best to put the enquirers on the right track. As far as I have been able to gather, this service has been much appreciated.

15. In conclusion I would like to put on record my appreciation of the services of my Head Assistant, Babu Jibananda Mukherjee, and of my temporary clerk, Maulvi M. Rahman Khan. The old typist, Maulvi Badsha Mia, who had to deal with a large volume of correspondence and had to type all the materials of the Handbook referred to in paragraph 7 above, also deserves special mention: he left this office early last month (March) to join a permanent post in the Central Despatch Office.

(*3*) The disbursing officer or the local authority concerned shall credit into the Government treasury all sums deducted under the provisions of this rule, and shall forward to the assessing officer the duplicate treasury *chalan* in support of the fact of payment, together with a statement showing for each assessee the amount so deducted.

(*2*) When under the provisions of the Act, a refund is found to be due to any assessee, the assessing officer may, in lieu of the refund, set off the amount to be refunded, or any portion of that amount, against the tax, if any, remaining payable by such assessee.

19. The Judge may disallow any questions put in cross-examination of any party or witness which may appear to him to be vexatious or not relevant to any matter proper to be inquired into in the cause.

20. Any person wilfully disobeying any order or subpœna requiring his attendance for the purpose of being examined, or cross-examined, or producing any document, or on attending, refusing to answer any proper question, shall be deemed guilty of contempt of Court and may be dealt with accordingly.

6. When a reference has been heard, the Registrar shall draw up a report in writing of the result of the reference, showing any further particulars and reasons that may be necessary. The Registrar shall report whether any and what part of the costs of the reference should be allowed and to whom.

The report shall be in the Form No. 44 of Appendix A, or in such other form as the circumstances of the case may require.

7. 7. Any application made in chambers *ex parte*, shall, if the Judge think fit so to require, be made by summons.

5. Forms of oaths and declarations in lieu of oaths will be found in Appendix A, Nos. 50 and 51.

ORDER XXIII.

2. In causes instituted in a Court other than the High Court all funds and moneys to be paid into Court, and all securities to be placed to the credit of any such causes, shall be transferred, paid, or placed to the account or credit of the proper officer of the Court to whom moneys paid into Court are usually paid in the exercise of the ordinary jurisdiction of the Court, and shall be placed in the books of the said officer to the credit of "Prize Moneys," and of the particular ship or aircraft in respect of which the same shall be transferred, paid, or placed. If there is no such officer as above, the payments shall be made to the Registrar who shall open an account in a bank to be approved by the Judge in respect of the particular ship or aircraft in respect of which the said moneys shall be transferred, paid, or placed.

3. No money shall be paid out of Court except in pursuance of a decree or order of the Judge.

ORDER XXVII.

Enforcement and Execution of Decrees and Orders.

1. Where the Judge condemns property as prize the decree of condemnation may be enforced:—

(1) if the property is still under arrest, by sale of such property:

Provided that on the application of the proper officer of the Crown the Court shall order delivery of the property to the Crown in lieu of sale, and if at the time of such application and order for sale has already been made but no sale has taken place, the order for sale shall be rescinded for the purpose of giving effect to such application, but the order for delivery to the Crown may, if the Court thinks fit, be made subject to payment by the Crown of such costs, expenses, or other sums, other than fee 49 in Appendix B, as might have been ordered to be paid out of the proceeds of sale if the property had been sold under order of the Court.

(2) if the property has been sold before condemnation and the proceeds have not already been paid into Court, by order to the persons holding the same to pay the same into Court.

(3) in respect of freight found due for the carriage of goods in a ship or aircraft condemned as prize, by arrest of the goods so carried until payment into Court of such freight or by order against the owner of the goods, or other persons holding, or responsible for, such freight, to pay the same into Court.

(4) so far as a decree deals with costs and expenses (other than costs and expenses ordered to be paid out of proceeds), by order against the parties ordered to pay the same or their bail.

(5) if the property has been released on bail before condemnation, by order against the bail.

2. Where the Judge decrees property taken or seized as prize to be restored to the owner thereof the decree shall be carried out by means of a release as prescribed in Order XIII: Provided that the Judge may order such release upon such terms as to the payment of costs and expenses and freight (if any is due), or otherwise, as to the Judge may seem just, and if such terms are not complied with or such payments are not made within a time to be named in the order, may direct the appraisement and sale of such property and the payment into Court of the proceeds of sale, and the payment thereout of such costs and expenses or freight.

3. Where in a decree restoring a ship or aircraft it is pronounced that freight is due in respect of cargo carried therein and payment of such freight is ordered, the decree may be enforced as regards the payment of freight against the cargo or the owners thereof:—

(1) if the cargo has been condemned, by payment out of the proceeds of the sale of such cargo.

(2) if the cargo has been unladen and sold before adjudication and the proceeds of the sale are still in Court, by payment out of the proceeds of sale.

(3) if the cargo has been unladen, but still remains under the arrest of the Court, by sale of such cargo and payment out of the proceeds of sale.

(4) if the cargo has been unladen and has been restored to the owner on bail, by order against the bail to pay the freight into Court.

(5) if the cargo has been unladen and has been restored to the owner without bail, by order against the owner or person to whom the same has been restored, or against any person having received or being in possession of such cargo or freight to pay such freight into Court.

4. Any decree or order other than a decree of condemnation or restitution and not expressly provided for by the Prize Acts 1864 to 1939 or by these Rules, may be enforced by order against the parties against whom such decree or order is made, or may be enforced in the same manner as a judgment, decree or order of the High Court in the exercise of its Admiralty jurisdiction, or, in the case of a Court other than the High Court, in the same manner as a judgment, decree or order of that Court in the exercise of its ordinary jurisdiction may be enforced.

5. Forms of order and decrees will be found in Appendix A, Nos. 52 and 53 (i) to (xxviii).

6. The Rules of this Order shall apply to the enforcement by the Court of decrees or orders of any other Court or of the Judicial Committee of the Privy Council.

ORDER XXVIII.

Detention.

1. Where it is held in a suit for condemnation that the ship or aircraft is an enemy ship or aircraft but in pursuance of some international convention or otherwise is only liable to detention and not to condemnation, the decree (Appendix A, Form 53, ii and iv) shall direct the marshal to retain the ship or aircraft in his custody until further orders.

2. Where a decree of detention has been made under Rule 1 the ship or aircraft shall be kept at such port or place as the Court may from time to time direct.

ORDER XXIX.

Requisition.

1. Where it is made to appear to the Judge on the application of the proper officer of the Crown that it is desired to requisition on behalf of His Majesty a ship or aircraft in respect of which no final decree of condemnation has been made, he may order that the ship or aircraft shall be appraised, and that upon an undertaking being given in accordance with Rule 5 of this Order the ship or aircraft shall be released and delivered to the Crown.

2. Where a decree for the detention of a ship or aircraft has been made in accordance with Order XXVIII, the proper officer of the Crown may file a notice (Appendix A, Form No. 54) that the Crown desires to requisition the same, and thereupon a commission (Appendix A, Form No. 55) to the marshal directing him to appraise the ship or aircraft shall issue. Upon an undertaking being given in accordance with Rule 5 of this Order the ship or aircraft shall be released, and delivered to the Crown.

Service of this notice shall not be required before filing, but copies thereof shall be served upon the parties by the proper officer of the Crown as soon thereafter as possible.

3. Where in any case of requisition under this Order it is made to appear to the Judge on behalf of the Crown that the ship or aircraft is required for the service of His Majesty forthwith, the Judge may order the same to be forthwith released, and delivered to the Crown, without appraisement.

4. In any case where a ship or aircraft has been requisitioned under the provisions of this Order, and whether or not an appraisement has been made, the Court may, on the application of any party, fix the amount to be paid by the Crown in respect of the value of the ship or aircraft.

5. In every case of requisition under this Order an undertaking in writing shall be filed by the proper officer of the Crown for payment into Court on behalf of the Crown of the appraised value of the ship or aircraft, or of the amount fixed under Rule 4 of this Order, as the case may be, at such time or times as the Court shall declare by order that the same or any part thereof is required for the purpose of payment out of Court.

6. Where in any case of requisition under this Order it is made to appear to the Judge on behalf of the Crown that the Crown desires to requisition the ship or aircraft temporarily, the Court may, in lieu of an order of release, make an order for the temporary delivery of the ship or aircraft to the Crown, and subject as aforesaid the provisions of this Order shall apply to such a requisition; provided that, in the event of the return of the ship or aircraft to the custody of the Court, the Court may make such order as it thinks fit for the release of the undertaking given on behalf of the Crown or the reduction of the amount undertaken to be paid thereby, as the case may be; and provided also that, where the ship or aircraft so requisitioned is subject to the provisions of Order XXVIII, Rule 1, relating to detention, the amount for which the Crown shall be considered liable in respect of such requisition shall be the amount of the damage, if any, which the ship or aircraft has suffered by reason of such temporary delivery as aforesaid.

7. The proceedings in respect of a ship or aircraft requisitioned under this Order shall continue notwithstanding the requisition.

8. In any case of requisition of a ship or aircraft in respect of which no cause has been instituted, any person interested in such ship or aircraft may, without issuing a writ, provided he does not intend to make a claim for restitution or damages, apply by summons for an order that the amount to be paid in respect of such ship or aircraft be fixed by the Court, and the Judge may, on the hearing of such summons, order the ship or aircraft to be appraised or to be valued or give such other directions for fixing the amount as he may think fit.

ORDER XXX.

Prize Salvage.

1. A ship or aircraft brought within the jurisdiction for adjudication after recapture from the enemy, but liable to restoration on payment of salvage, shall (except as hereinafter provided) be proceeded against by writ, and, if so ordered by the Judge, on pleadings, in the same form and manner as all other ships or aircraft captured as prize.

Forms of writ and of pleadings in prize salvage will be found in Appendix A, Nos. 5 and 13 (ii).

2. (*a*) Where a ship or aircraft, on recapture from the enemy by any of His Majesty's ships or military aircraft, or by any persons other than its own crew, which, if brought within the jurisdiction by the recaptors, would have been liable to restoration

on payment of salvage, is with the consent of the recaptors allowed to prosecute its voyage, or otherwise parts company with or ceases to be in the possession of the recaptors: or

(*b*) Where a ship or aircraft captured by the enemy is recaptured by the crew of such ship or aircraft:

In either case the recaptors may take proceedings to recover the salvage due in respect of recapture (if any), either *in rem* or *in personam.*

3. Within twelve days after a writ has been served, the owner shall file an affidavit setting out the value of the property claimed or alleged to have been salved, or an agreement with the recaptors as to such value.

Forms of affidavit and of agreement of value will be found in Appendix A, Nos. 56 and 57.

4. Where no claim is made by an owner, or no appearance is entered, or default is made in filing an affidavit or agreement of value, or where the recaptors are dissatisfied with the value deposed to, the Judge may, on the application of the recaptors, direct the property to be appraised by the marshal or otherwise valued.

5. If no appearance is entered the recaptors may, subject to the filing of an affidavit of service (Appendix A, Form 10), set the case down for hearing by default; in all other cases the recaptors may at any time after appearance entered, apply for a day for the hearing.

6. Where at the time of a decree or order awarding prize salvage the ship or aircraft is under arrest, the decree or order of the Court may be enforced by sale thereof and payment of the amount due out of the proceeds of sale.

7. Where a ship or aircraft under arrest has been released on security being given, the decree or order awarding prize salvage may be enforced;

(1) if money has been paid into court by order for payment out;

(2) if bail has been given, by order for payment against the bail, and execution against the bail in default of payment.

8. Where the proceedings for prize salvage have been taken *in personam*, the decree or order may be enforced against the owner, and execution issued against him. If the owner makes default in payment, the Judge may direct a warrant to issue for the arrest of the ship or aircraft on its coming within the jurisdiction of the Court, and may order a sale thereof and payment of the award to be made out of the proceeds of such sale.

9. Where any salvage is awarded to any persons other than officers and crews of His Majesty's ship of war or military aircraft, either alone or conjointly with such officers and crews, the Judge may make an order apportioning such salvage between such persons or between such persons and such officers and crews, in such proportions as to the Judge shall seem fit.

Provided, that nothing herein contained shall be taken to authorise the distribution of salvage among such officers and crews or to affect any proclamation of His Majesty as to the distribution of prize money.

Forms of decree in prize salvage will be found in Appendix A, No. 53 (xiii) to (xvii).

10. No decree or order for the payment of salvage to salvors shall be made unless and until the Judge is satisfied that no persons other than the said salvors are entitled to share in such salvage.

ORDER XXXI.

Land Expeditions and Conjunct Capture with Ally.

A ship taken by land expedition within the meaning of the Naval Prize Act, 1864, section 34, or by a conjunct capture with an ally within the meaning of section 35 of the said Act, shall be proceeded against and dealt with, as far as possible, in the same manner as hereinbefore provided in the case of any other ship captured as prize.

ORDER XXXII.

Joint Capture, Flag Officers' Claims, and other Conflicting Claims between Captors.

1. Any person claiming to share as joint captor (hereinafter called "the petitioner") may, at any time after the institution of a cause relating to a ship or aircraft in respect of which he claims a share, proceed as hereinafter provided:

(1) A writ (Appendix A, Form No. 6) shall be issued by the petitioner in the Registry, instituting a cause of joint capture.

(2) If the cause is instituted before condemnation of the ship or aircraft in respect of which the petitioner claim to share, or in prize salvage before adjudication, the petitioner shall, except in the case of a flag officer claiming to share by virtue of his flag, within six days after issuing his writ give security to the satisfaction of the Court to contribute to the actual captors a just proportion of any costs, charges, expenses or damages that may be incurred by or awarded against the actual captors on account of the capture and detention of the prize. Within ten days after such security is given the petitioner shall file in the Registry a petition setting out the material facts on which he relies to establish his claim to share as aforesaid.

(3) If the cause is instituted after condemnation of the ship or aircraft in respect of which the petitioner claims to share, or in prize salvage after adjudication, the Judge shall, upon sufficient cause being shown by affidavit why the application was not presented before condemnation or adjudication, and upon payment being made

and security being given (as hereinbefore provided), allow the writ to be served upon the party to whom the ship or aircraft has been condemned (hereinafter called "the respondent"), or in prize salvage on the captors, who shall show cause why the petitioner should not be pronounced to be a joint captor of the said ship or aircraft.

(4) Where the cause is instituted after condemnation, the petitioner shall, within ten days after such payment has been made and such security has been given, file a petition setting out all the material facts on which he relies to establish his claim to share as aforesaid, and serve the same as hereinbefore provided.

(5) The respondent shall appear to the writ by entering an appearance (Appendix A, Form No. 8) in the Registry within the time named in the writ.

2. The respondent, if he desires to contest the right of the petitioner to share, shall file an answer.

If the respondent admits the right of the petitioner to share, he shall file an admission in the Registry.

A copy of every pleading shall be served on the opposite party.

Forms of the above pleadings will be found in Appendix A, No. 13 (iii).

3. Upon the answer, and the reply thereto (if any), or admission being filed, the petition shall be heard in Court, on an early day to be appointed by the Registrar, upon the application of either party, upon such evidence as the Judge shall think fit.

4. If in a cause instituted against a ship or aircraft for condemnation as prize, or in a cause for prize salvage, a cause of joint capture is instituted before condemnation or adjudication, the Judge may, at the hearing of the principal cause, upon condemnation of the ship or aircraft as lawful prize to the Crown determine the title of the petitioner to share as aforesaid.

Forms of decree in joint capture will be found in Appendix A, No. 53 (xviii) to (xxi).

5. The costs of and occasioned by the petition shall, as the Judge shall direct, be borne by the petitioner or respondent or be paid out of the proceeds of the ship or aircraft if condemned.

6. Except by special leave of the Judge no party shall be admitted to claim to share as a joint captor in a prize, or in prize salvage, unless he shall institute his cause and file his petition within six months from the date on which the Judge shall have pronounced any other party entitled to such prize, or prize salvage.

7. A claim by a flag officer to share in prize, or prize salvage, by virtue of his flag shall not be made until after condemnation, and shall then be made in the same form and manner, and the same proceedings shall be had thereon, as in cases of asserted joint capture:

Provided, that such flag officer shall not be required to pay costs or give security for costs.

8. Where in any proceedings instituted for condemnation, or for prize salvage, the title or interest of the party instituting such proceedings is denied by any other party who asserts that he has as captor the sole title or interest in the prize, or prize salvage, proceedings may be taken for the purpose of determining such title or interest in the form and manner herein provided for determining the title and interest in a claim of joint capture. Provided, that the petitioner shall not be required to give any security or pay any costs before so proceeding unless so ordered by the Judge, and that the form of proceedings shall assert such sole title and interest instead of a joint title and interest, and that the petition shall be filed within ten days after the cause is instituted by the petitioner instead of after security given.

9. All other applications to share in prize proceeds, or prize salvage, shall, unless the Judge shall otherwise direct, be made by motion.

ORDER XXXIII.

Prize Bounty.

In claims for prize bounty the procedure shall be as follows:—

(1) where the ship is brought in for adjudication the application for a decree under the Naval Prize Act, 1864, section 43, shall be made in Court at the hearing of the principal cause, or as soon thereafter as possible.

(2) where the ship has been destroyed, or, having been taken, has not been brought in for adjudication, the application for decree as aforesaid shall be made by motion in Court.

(3) not less than four clear days before such application, notice thereof shall be served upon the proper officer of the Crown.

(4) the witnesses in support of the application shall be examined before the Judge in Court, or their evidence may be given by affidavit.

(5) if the Judge makes a decree in favour of the application and there are no parties other than the original applicants claiming to share in the bounty, the Judge may upon the hearing of the application, or at a later date if he shall see fit, make a decree declaring the title of the applicants to the prize bounty, and stating the amount thereof. If there are other persons claiming to share in the bounty, the Judge may make a decree that bounty is due, stating the amount thereof, but reserving the question to whom the said bounty is due.

Forms of decree will be found in Appendix A, No. 53 (xxv) to (xxviii).

(6) all claims to share as joint captors in prize bounty shall be, as far as possible, subject to the same procedure and rules, and be heard and determined in the same manner, as hereinbefore provided in the case of claims to share as joint captors in prize.

ORDER XXXIV.

Distribution and Naval Agency. (a)

In questions concerning the distribution or investment of prize moneys, whether the proceeds of prize salvage, or prize bounty, distributable under the provisions of the Naval Agency and Distribution Act, 1864, or otherwise, and in questions concerning the remuneration of ships' agents under the said Act, the procedure shall be as follows:—

(1) any application for distribution or investment of such money shall be by motion.

(2) no motion shall be heard unless four days' previous notice thereof, intituled in the cause to the credit of which such money stands or in which such money has been pronounced due, has been served by the applicant upon all parties interested, including (if they are not applicants) the Lords of the Admiralty.

(3) the Judge may, if he thinks fit, direct any application for distribution or investment to be heard on pleadings.

(4) evidence on such applications shall be by affidavit, but the Judge may direct any witness to be examined or cross-examined.

(5) in the taxation of the costs, charges, and expenses of the officers and crew of any of His Majesty's ships or of any ships' agent under section 13 of the Naval Agency and Distribution Act, 1864, the same procedure shall be followed as is hereinbefore provided for the taxation of costs.

(6) where any difference within the meaning of section 20 of the Naval Agency and Distribution Act, 1864, arises between ships' agents as to the apportionment of their percentage, any such agent may take out a summons intituled in the cause in which the question arises calling upon all other persons interested to show cause why the matter should not be referred to the Registrar, and upon such summons and proof of due service thereof on such persons an order may be made referring such difference to the Registrar. Upon report made by the Registrar any party may object to the same. Order XVII shall apply, as far as possible, to references under this Order.

ORDER XXXV.

8. All orders (except as in these Rules otherwise provided), disobedience to which would render a party liable to committal, shall be served personally.

9. Where personal service of any order, notice, pleading, summons, or other document, proceeding, or written communication is required by these Rules or otherwise, the service shall be effected by showing it to the party to be served and by leaving with him a copy thereof.

10. Where personal service of any notice, pleading, summons, order or other document, proceeding, or written communication is required by these Rules or otherwise, and it is made to appear to the Judge that the person to be served is under disability or that prompt personal service cannot be effected, the Judge may order upon whom, or in what manner, substituted or other service is to be made, or may order notice by letter, advertisement or otherwise to be given in lieu of service.

2. Where such certificate is issued in respect of a ship, the applicant shall be entitled to have a like certificate endorsed of the bill of sale by which the ship is sold to him, on production of the bill of sale to the Registrar.

Where such certificate is issued in respect of an aircraft or of goods or cargo, the applicant shall be entitled to have a like certificate endorsed on the contract or sold note (if any) under which such aircraft goods or cargo were sold to him on production of such contract or sold note to the Registrar.

ORDER XLIII.

Forms, Fees and Costs.

1. The forms in Appendix A shall be followed with such variations as the circumstances may require.

2. (*a*) The fees to be taken in prize matters in a Court (other than a Colonial Court of Admiralty within the meaning of the Colonial Courts of Admiralty Act, 1890) duly authorised to exercise prize jurisdiction by the Court and the officers thereof shall be those set out in Appendix B or so near thereto as the currency in use in the place in which such Court is situate will permit. The said fees, other than fees Nos. 46 and 49 (which shall be paid by transfer from the proceeds in Court to the account of fees on proceedings) shall be taken by means of stamps. Stamps shall be of the same nature and design and shall be affixed and cancelled in the same manner as stamps used for the taking of fees in respect of the same or similar items in the ordinary business of such Court.

(*b*) The fees to be taken in prize matters in a Court, being a Colonial Court of Admiralty within the meaning of the Colonial Courts of Admiralty Act, 1890, duly authorised to exercise prize jurisdiction shall be fixed, collected and applied in the manner provided by section 3 (4) of the Prize Courts Act, 1894, that is to say in like manner as the fees arising in respect of the Admiralty business of such Court under the Colonial Courts of Admiralty Act, 1890.

3. No document shall be filed, no process issued, no decree or order made, nor act done by the Court or Registrar until the fees due and payable in respect of such filing, issue, decree, order or act respectively, shall have been paid into the Registry unless it is otherwise ordered by the Judge.

4. The costs, charges and expenses to be allowed to the practitioners in the Court in prize matters shall be those set out in Appendix C or so near thereto as the currency in use in the place in which such Court is situate will permit, increased by the same percentage as that which is for the time being provided by Order LXV, Rule 10 (2), of the Rules of the Supreme Court, 1883, or any Rule amending the same, as the percentage by which the total in any bill of costs of the fees prescribed by that Order shall be increased.

ORDER XLIV.

Appeals.

1. In this Order, unless the context otherwise requires:—

"Appeal" means "Appeal to His Majesty in Council."

"Judgment" includes decree, order or decision.

"Record" means the aggregate of papers relating to an appeal (including the pleadings, proceedings, evidence, and judgment) proper to be laid before His Majesty in Council on the hearing of the appeal.

2. Applications to the Court for the admission of an appeal as of right, or for leave to appeal, shall if not made at the time that the judgment appealed from is delivered by the Court, be made by motion within seven days from the date of such judgment, and the applicant shall give to the opposite party notice of his intended application.

3. An appeal shall only be admitted, or leave to appeal granted, by the Court—

(*a*) upon the appellant, within a period to be fixed by the Court, entering into sufficient security to the satisfaction of the Court, if so required, for the due prosecution of the appeal and the payment of all such costs as may become payable to the respondent in the event of the appeal being dismissed for non-prosecution or of His Majesty in Council ordering the appellant to pay the respondent's costs of the appeal; and

(*b*) upon such conditions, if any, as to the time or times within which the appellant shall take the necessary steps for the purpose of procuring the preparation of the record and the despatch thereof to the Privy Council as the Court, having regard to all the circumstances of the case, may think it reasonable to impose.

4. The Court shall have power, when admitting the appeal or granting leave to appeal, either to direct that the said judgment shall be carried into execution or that the execution thereof shall be suspended pending the appeal, and, in case the Court shall direct the said judgment to be carried into execution, the person in whose favour it was given shall, before the execution

thereof, enter into sufficient security, to the satisfaction of the Court, for the due performance of such order as His Majesty in Council shall think fit to make thereon.

5. As soon as an appeal has been admitted, whether by an order of the Court or by an order of His Majesty in Council granting special leave to appeal, the appellant shall without delay take all necessary steps to have the record prepared forthwith.

6. The preparation of the record shall be subject to the supervision of the Court, and the parties may submit any disputed question arising in connection therewith to the Court.

7. The Registrar as well as the parties shall endeavour to exclude from the record all documents (more particularly such as are merely formal) that are not relevant to the subject matter of the appeal, and generally to reduce the bulk of the record as far as practicable.

8. Records in appeal to His Majesty in Council shall be printed in the form known as demy quarto and may be printed either in or out of England. The number of lines in each page shall be forty-seven or thereabouts and every tenth line shall be numbered in the margin.

Where the record is printed out of England, the Registrar shall, at the expense of the appellant, transmit to the Registrar of the Privy Council forty printed copies of such record, one of which copies he shall certify to be correct by affixing thereto the seal of the Court.

Where the record relates to an appeal from a Court out of England and is to be printed in England, or where the record relates to an appeal from the High Court in England, the Registrar shall, at the expense of the appellant, transmit to the Registrar of the Privy Council one certified copy of such record, together with an index of all the papers and exhibits in the case.

9. Where there are two or more appeals arising out of the same matter the Court may direct the appeals to be consolidated.

10. An appellant may, at any time before the record is transmitted to the Privy Council, withdraw his appeal on such terms as to costs and otherwise as the Court may direct.

11. Where an appellant fails to show due diligence in the prosecution of his appeal before the transmission of the record to the Privy Council the Court may, on an application made by the respondent, dismiss the appeal or make such order as to costs or otherwise as the Court shall think fit.

12. Where at any time before the hearing of the appeal the record becomes defective by reason of the death or change of status of a party to the appeal, the Court shall, on an application made by any person interested, grant a certificate showing who, in the opinion of the Court, is the proper person to be substituted on the record in place of, or in addition to, the party who has died or undergone a change of status.

13. Where His Majesty in Council directs a party to bear the costs of an appeal incurred in the Court below, such costs shall be taxed by the proper officer of the Court in accordance with Order XIX, Rule 2.

14. The Court shall enforce any order or judgment of His Majesty in Council in like manner as any judgment or order of the Court.

15. An appellant whose appeal has been admitted shall prosecute his appeal in accordance with the rules for the time being regulating the general practice and procedure in appeals to His Majesty in Council, so far as such rules may be applicable.

ORDER XLV.

Cases not provided for.

In all cases not provided for by these Rules, the practice of the late High Court of Admiralty of England in prize proceedings shall be followed, or such other practice as the President may direct.

ORDER XLVI.

Answer.

G.H., solicitor for the commander, officers, and crew of His Majesty's ship , the captors of the said ship , in answer to the petition of the claimants, says as follows:—

1. The said ship and her cargo were taken as prize and brought in for adjudication by the captors under the circumstances herein-after described.

2. On the day of , His Majesty's ship was cruising off , when the said ship came into sight and was signalled and duly boarded by a boat from the , and the ship papers and documents and the cargo of the were duly inspected and examined.

3. Upon one of the bulkheads, and on one of the boats of the said ship , was found a name (the), which was not the present name of the ship, and the name of the port of , which is in enemy territory, and upon inquiry of the master of the said ship, it appeared that the said ship immediately prior to the purchase by her present owners and to the existing war, had been owned by a firm carrying on business at the said port of , in enemy territory, and that the said master had been in command of the said ship whilst she belonged to the said firm.

4. On receiving such information, the captors brought in the said ship for adjudication upon the suspicion that the sale and transfer of the said ship to the present alleged owners was not *bonâ fide*, and that she still belonged to her former enemy owners.

5. The transfer and assignment of the said shares in the said ship by *C.D.* to the claimant *E.F.* in the petition alleged took place as therein alleged, but at the time of such transfer the said *C.D.* was a member of the said firm of , carrying on business as aforesaid, and the transfer and assignment of the said shares was made and executed by the said *C.D.* as agent of the said firm, and was a mere colourable and fraudulent transfer to cover the enemy character of the said ship, and the said ship at the time of capture remained the property, and was navigated for the account and at the risk of the said firm of , and was in fact enemy property.

(*If the cargo or any part thereof was enemy property, allege it, stating the alleged ownership thereof; or if the cargo or any part thereof was contraband, allege it.*)

6. Save as aforesaid the respondents deny all and every the allegations in the petition contained.

And the said *G.H.* prays the Judge to pronounce that the said ship (and her cargo) were at the time of capture property of enemies of the Crown of Great Britain, or otherwise liable to condemnation, and to condemn the same as lawful prize to the captors, or to pronounce for just cause of capture.

Petition.

G. H., solicitor for *A. B.*, commander, and the officers and crew of His Majesty's ship , the recaptors of the above-named ship, the plaintiffs (*or as the case may be*), says as follows:—

1. The recaptors are the commander, officers and crew of His Majesty's ship , which is a cruiser of the second class (*or as the case may be*) armed with , and carrying a crew of hands all told, and fitted with engines of horse-power effective.

2. On the day of , at about 11 a.m., His Majesty's said ship was proceeding from to in pursuance of her instructions to cruise off the coast of and to assist and protect British vessels whilst passing such coast. At such time as aforesaid it was blowing a heavy gale from the and the weather showed no signs of improvement.

3. Whilst proceeding as aforesaid, those on board the sighted a steamship, appearing to be a British mail steamer, steaming to the on about an opposite course to the . Signals were at once made to the said steamship, which proved to be the of but no answer was made, and although a gun was fired, the altered her course and proceeded in towards the coast of , apparently making for the port of in enemy's territory.

4. The recaptors having thereon reason to believe that the was in possession of the enemy, immediately altered the course of the and chased the , gradually gaining upon her.

5. After hours' chase the and the had come within 10 miles of the coast of , and the was about half-a-mile astern of the said . At this time it was seen that an enemy war ship was coming out of the said port of and thereupon extra steam was raised on the and she succeeded in getting between the said and the entrance to the said port, and forced her to alter her course to seaward.

6. The said enemy war ship, which proved to be the of guns, and to be carrying a crew of hands, came on, and with the assistance of some torpedo boats which were following her engaged the , but after a fierce engagement, lasting about half-an-hour, the said enemy war ship

was beaten off and returned to the port of with the torpedo boats, whereupon the said surrendered to the recaptors, and the prize crew in charge of her having been taken on board the , and a prize crew from the having been put on board the , the two vessels in company proceeded towards and the was brought in safety into , where she now lies.

7. At the time of the said engagement, His Majesty's said ship was close to the island of , and owing to the gale and the dangerous nature of the coast she ran great risk of being driven on the rocks in manoeuvring during the said engagement, and the lives of the recaptors were thereby exposed to great risk and danger. In the said engagement the had men killed and men wounded, including officers.

8. By reason of the premises the and her cargo were saved from condemnation as prize to the enemy under circumstances of special difficulty and danger.

The said *G. H.* prays the Judge to award to the recaptors one-fourth of the value of the said and her cargo, or such other sum as to the Judge shall seem just, and costs.

Answer.

J.K., solicitor for *C.D.*, the owner (and claimant) of the said ship, and *E.F.*, owner of the cargo thereof, defendants (*or as the case may be*), in answer to the petition of the recaptors says as follows:—

1. The defendants (*or as the case may be*) admit that the said ship and her cargo were recaptured from the enemy by the recaptors, but deny that the recapture thereof was made under circumstances of special danger or difficulty entitling the recaptors to a larger part of the value of the said ship and cargo than one-eighth part.

2. The defendants (*or as the case may be*) do not admit that His Majesty's said ship was at the time of such recapture engaged in protecting British ships as alleged. At the said time, His Majesty's said ship was engaged, in conjunction with other vessels, in watching the said port of and in endeavouring to intercept and capture the said enemy's ship of war the , and for such purpose was endeavouring to entice her out of the said port and bring about an engagement with her, and the fact that the said mail steamer the made for such port in fact brought about the engagement so wished

for and intended, and such engagement was not brought about and did not happen merely for the purpose of the recapture of the said ship, but took place in the ordinary course of duty and under the express instruction given to His Majesty's said ship.

The said *J.K.* prays the Judge to pronounce that the recaptors are entitled to one-eighth of the value of the said ship and her cargo, and no more, and to condemn the recaptors in the costs of and occasioned by their claim for a larger sum.

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 15th September, 1939 :—

L. A. BILL No. 48 OF 1939.

A Bill further to amend the Press and Registration of Books Act, 1867.

WHEREAS it is expedient further to amend the Press and Registration of Books Act, 1867; It is hereby enacted as follows :— XXV of 1867.

Short title, , application and commencement.

1. (*1*) This Act may be called the Press and Registration of Books (Amendment) Act, 19 .

(*2*) It shall apply to the whole of British India.

(*3*) It shall come into force on.....

Amendment of section 5, Act XXV of 1867.

2. To section 5 of the Press and Registration of Books Act, 1867, the following further proviso shall be added, namely :— XXV of 1867.

"Provided further that no person who has been convicted of an offence involving moral turpitude or who has not an educational qualification of having passed at least a matriculation examination of any University in India shall be permitted to make the declaration prescribed by this section nor shall any such person edit a newspaper."

STATEMENT OF OBJECTS AND REASONS.

It is necessary to improve the tone of the press and to have better material to edit the newspapers. It cannot be denied that a section of the press is run by persons of not very desirable culture and calibre and it is high time to control such presses by providing some rules of conduct and educational qualifications. Many mushroom presses are started in India merely to villify their opponents and create bad blood. Under the present law any person can step in a Magistrate's office, make a simple declaration and invest himself with a power over the destinies of people. Lately the resolution passed by the conference of the Provincial Home Ministers under the presidency of the Home Member of the Government of India has also recognized the necessity of a conserted action by the Government to control propaganda of a communal nature which is generally attributed to the inferior section of the press.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

A Bill to amend the Motor Vehicles Act, 1939 for certain purposes.

WHEREAS it is expedient to amend the Motor Vehicles Act, 1939 for the purposes hereinafter appearing; IV of 1939.

1. (*1*) This Act may be called the Motor Vehicles (Amendment) Act, 1939.

Amendment of section 1 of Act IV of 1939.

2. In sub-section (*3*) of section 1 of the Motor Vehicles Act, 1939 (hereinafter referred to as the said Act), after the word "but" the following shall be inserted, namely:—

(*b*) after sub-section (*4*) the following sub-section shall be inserted, namely:—

"(*5*) While, under the provisions of sub-section (*2*), any rules made by a Provincial Government under section 11 of the Indian Motor Vehicles Act, 1914, continue to be in force—

(*a*) section 112 shall be construed as if after the words "any rule made thereunder" there were inserted the words and figure "or of any rule made under the Indian Motor Vehicles Act, 1914 and continuing in force", and

(*b*) section 113 shall be construed as if after the words "under this Act", wherever they occur, there were inserted the words and figure "or under any rule made under the Indian Motor Vehicles Act, 1914 and continuing in force".

Amendment of First Schedule.

4. In the First Schedule to the said Act,—

(*a*) in Section III of Form A,—

(*i*) for question (*d*) the following questions shall be substituted, namely:—

"(*d*) Can you readily distinguish the pigmentary colours red and green?

(*e*) Do you suffer from night blindness?";

(*ii*) questions (*e*) and (*f*) shall be relettered as (*f*) and (*g*), respectively;

(*b*) in Form C, for question (*b*) in paragraph 4 the following questions shall be substituted, namely:

"(*b*) Can the applicant readily distinguish the pigmentary colours red and green?

"(*c*) Does the applicant suffer from night blindness?"

and question (*c*) shall be relettered as (*d*).

Amendment of Second Schedule.

5. In Part I of the Second Schedule to the said Act, for item 6 the following item shall be substituted, namely:—

"Inability readily to distinguish the pigmentary colours red and green."

Amendment of Sixth Schedule.

6. In the Sixth Schedule to the said Act, after the entry relating to Ajmer-Merwara the following entry shall be inserted, namely:—

"Andaman and Nicobar Islands.....AN."

Amendment of Ninth Schedule.

7. In Part A of the Ninth Schedule to the said Act, for the entry relating to Sign No. 7 (including the direction as to colour so far as it relates to Sign No. 7) the following entry shall be substituted, namely:—

"No. 7.

USE OF SOUND SIGNALS PROHIBITED.

Cross and border—Red
Background—White
Device—Black."

STATEMENT OF OBJECTS AND REASONS.

It was recognized when the Motor Vehicles Act, 1939, was under discussion that Provincial Governments would require a considerable period of time to draft rules under the Act, and that as previous publication of rules was made obligatory, a further period of several months would have to elapse between the publication of draft rules and the promulgation of the final rules. The object of section 134 (*2*) was to allow the rules made under the Act of 1914 to remain in operation for a time sufficient to enable the Provincial Governments to frame new rules and bring them into effect. But difficulties and doubts have arisen regarding the effect of this sub-section, when read with section 1(*3*). Thus :—

(*i*) As section 134 (*2*) does not limit the operation of section 1(*3*), it would seem to be obligatory upon Provincial Governments to set up Transport Authorities at once, *i.e.*, before they are in a position to issue the rules on which these authorities depend for their proper working, and while rules designed to suit different methods of control are still in force.

(*ii*) It is doubtful whether the penal provisions in sections 112 and 113 of the present Act extend to contraventions of rules made under the Act of 1914 and whether the repeal of the latter Act, including its penal provisions, does not prevent any penalty being imposed for breaches of rules made under it, except where the offences are specifically mentioned in Chapter IX of the new Act.

(*iii*) It is doubtful whether fees are to be levied as specified in sub-section (*8*) of section 7 and sub-section (*3*) of section 11 of the new Act in respect of the grant or renewal of a driving licence or according to the old rules.

2. Clause 2 of the Bill therefore seeks to meet the difficulties by relieving Provincial Governments of the obligation of setting up Transport Authorities before they have made rules which will enable these Authorities to operate effectively. The reference to section 38 is included because that section is also dependent on rules under the new Act for its operation. Clause 3 seeks to remove the doubts which have arisen regarding the levy of fees and the imposition of penalties.

3. The opportunity has been taken to include some minor amendments. Clauses 4 and 5 are designed to make clear to applicants and medical practitioners the nature of the test to be applied for colour-blindness. Clause 6 seeks to remedy an omission, and clause 7 to substitute a sign approved by the Transport Advisory Council as giving a clearer indication of what is intended than that in the Act.

SUPPLEMENT.

Official Papers.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 8th October 1939.

Second Forecast of the Sugarcane Crop of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under sugarcane in Bengal has represented some 7·6 per cent. of the total area under sugarcane in India.)

Character of season.—As reported in the first forecast the season opened with drought and as a result the crop suffered in the early stage of its growth. With general rainfall in May conditions improved and the crop has since been thriving well. It, however, received a set-back by the protracted cyclonic weather attended with incessant and heavy showers which set up towards the end of July and caused a little damage to the crop in some areas. The present condition of the crop is fairly satisfactory.

Area planted.—The total area planted with the crop is estimated to be 319,300 acres this year as against 300,700 and 298,900 acres, respectively, reported in the corresponding and final forecasts of last year. The increase in area as compared with the last year is due to increased price of gur and jute restriction propaganda.

Outturn.—According to the estimates of the district officers, the average outturn of the crop for the province this year works out at 79 per cent. of the normal against 75 and 74 per cent., respectively, in the corresponding and final forecasts of last year.

Condition figure.—The condition figure for the sugarcane crop is estimated at 79 per cent. as against a ten years' average of 86·3 per cent. This means that the condition of this year's crop is equal to about 91·54 per cent. of the ten years' average.

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 33T.L.—16th October 1939.—The Indian Bar Councils (Amendment) Bill by Mr. Akhil Chandra Datta, M.L.A., having been introduced in the Central Legislative Assembly on the 18th February, 1939 was published in Part VI of the *Calcutta Gazette* of the 4th May, 1939 for general information together with the Statement of Objects and Reasons annexed thereto. A motion was subsequently carried in the Central Legislative Assembly on the 15th September, 1939 in regard to the Bill that it should be circulated for the purpose of eliciting opinion thereon. Written expressions of opinion on the Bill by any person or public body should be sent so as to reach the Judicial Department of the Government of Bengal not later than the 15th December, 1939. Any opinion which is submitted direct to the Central Legislative Assembly Department or to any other Department of the Government of India or of the Provincial Government will not be accepted for consideration.

By order of the Governor,

E. B. H. BAKER,

Secy. to the Govt. of Bengal.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 21st September, 1939 :—

L. A. BILL No. 53 OF 1939.

A Bill further to amend the Workmen's Compensation Act, 1923, for a certain purpose.

WHEREAS it is expedient further to amend the Workmen's Compensation Act, 1923, for the purpose hereinafter appearing ; VIII of 1923.

It is hereby enacted as follows :—

Short title and commencement.

1. (*1*) This Act may be called the Workmen's Compensation (Second Amendment) Act, 1939.

(*2*) It shall be deemed to have come into force on the 3rd day of September, 1939.

Amendment of section 15 of Act VIII of 1923.

2. In section 15 of the Workmen's Compensation Act, 1923, after clause (*4*) the following clause shall be inserted, namely :— VIII of 1923.

"(*5*) No compensation shall be payable under this Act in respect of any personal injury for which a payment could be obtained under any scheme made under the Personal Injuries (Emergency Provisions) Act, 1939 : 2 & 3 Geo. 6, c. 82.

Provided that the failure to give a notice or make a claim or commence proceedings within the time required by this Act shall not be a bar to the maintenance of proceedings under this Act in respect of any personal injury, if—

(*a*) an application for a payment under any such scheme has been duly made in respect of the injury ; and

(*b*) the Commissioner is satisfied that the said application was made in the reasonable belief that the injury was such that a payment could be made under the said scheme ; and

(*c*) the Provincial Government certifies that the application was rejected, or that payments made in pursuance of the said application were discontinued, on the ground that the injury was not such an injury ; and

(*d*) the proceedings under this Act are commenced within one month from the date of the said certificate of the Provincial Government."

STATEMENT OF OBJECTS AND REASONS.

Under the Personal Injuries (Emergency Provisions) Act, 1939, amongst other people, seamen who sustain injuries in certain circumstances are entitled to compensation from the State. Under the Workmen's Compensation Act, 1923 (VIII of 1923), seamen sustaining similar injuries will in certain circumstances be entitled to claim compensation from their employers. To prevent the possibility of this double claim for the same injuries it is proposed to amend the Workmen's Compensation Act, 1923, taking away from seamen any right to claim compensation under that Act in cases where they are entitled to compensation under the Personal Injuries (Emergency Provisions) Act, 1939. A similar provision is contained in the latter Act as regards persons to whom Workmen's Compensation Acts of the United Kingdom apply. Provision is also made in the amending Bill saving limitations under the 1923 Act in cases where a *bona fide* claim under the 1939 Act is made and rejected.

Dacca, the 6th October 1939.

Second Forecast of the Cotton Crops of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under cotton in the territories in Bengal to which this forecast relates has represented some 0·2 per cent. and that in the Bengal States some 0·1 per cent. of the total area under cotton in India.)

There are two crops—early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts, Mymensingh and in the Tripura State and also to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore. As the late crop has not yet been sown, this forecast deals only with the early crop.

Character of the season.—Since the issue of the first forecast in August last, the weather has been generally fair for the growth of the crop. The present outlook is reported to be fairly satisfactory.

Area sown.—The area sown is reported to be 84,370 acres this year as against 87,379 acres in the corresponding forecast of last year.

14. As soon as the Collector has reason to believe that the receipts from cess and tax are likely to fall materially short of the original estimate supplied to the Board under Rule 13, he shall transmit to the Board a revised estimate of the receipts in order that the Board may revise its budget estimates accordingly.

15. A budget showing the probable income and expenditure of the Board during the ensuing financial year shall be prepared by the Board in Form I and submitted on or before the thirtieth day of November to the Director of Public Instruction, who will submit it in turn to the Provincial Government for approval within a month from the date of its receipt.

16. The budget shall set forth estimated receipts and expenditure under minor and detailed heads of account and the opening and closing balances.

17. The budget shall be accompanied—

20. Transfers from one minor head to another shall not be made without the previous sanction of the Director of Public Instruction.

CHAPTER IV.

SUBSCRIPTIONS AND DONATIONS.

22. Subscriptions and donations for special purposes shall be recorded in Form No. 4. These subscriptions shall not be appropriated for any other purpose.

EXPENDITURE.

23. No expenditure shall be incurred for which provision has not been made in the budget estimate for the year or in a supplementary estimate or by reappropriation, and which has not been duly sanctioned by the competent authority.

ESTABLISHMENT.

24. The salary bill of the establishment of the Board shall be drawn in Form No. 5 and the certificate at the foot of the form shall be signed by the President. When a salary is drawn for a portion of a month only, the rate at which it is drawn and the number of days for which it is claimed shall be stated either against the name of the employee in the body of the bill or in a note at the foot of the page.

25. When an employee is absent from duty and acting arrangements are made in consequence of his absence, the absentee statement (Form No. 6) on the reverse of the bill shall be filled in and signed by the President, or by such person as the President directs.

28. The pay of all temporary employees who are entertained under proper sanction shall be billed for separately in the same form, the sanction being quoted.

30. The net amount payable to the payees shall be drawn in one cheque. For the amount of the Provident Fund deductions and contributions a separate voucher shall be drawn up, showing merely the total deductions and contributions on account of each salary bill, the total amount being drawn in one cheque. The amount of this voucher shall be paid by cheque to the Post Office Savings Bank. These remittances to the Savings Bank should, as far as possible, be made between the 1st and 4th of each month in order that interest may accrue for the month of deposit.

ARREAR BILLS.

31. Arrear pay shall not be drawn in the ordinary monthly bill, but in a separate bill, with a quotation of the bill from which the charge was omitted or withheld or on which it was refunded by deduction, or of any order granting a new allowance. Such bills may be presented at any time but shall be supported by a certificate from the competent authority that the amount was not paid before.

When the bills are paid, the number and date of the voucher shall be noted on the original bill from which the charge was omitted or withheld or in which it was refunded, against the item concerned in order to prevent a second claim from being entertained.

32. Every employee of the Board shall give a receipt with date in the appropriate column of the form in which the salary bill of the establishment of the Board is drawn (Form No. 5) for the sum paid to him and shall in the case of sums exceeding Rs. 20, affix a receipt stamp before signing. The cost of the receipt stamp must be borne by the person who receives the money and not by the Board. Employees unable to write shall make their marks and shall be paid in the presence of the President or the Vice-President or of such person as the President may authorise in writing in this behalf, who shall record a certificate to that effect under the mark made by the employee.

33. The drawer of the bill is personally responsible for every salary drawn on a bill signed by him until he has paid it to the persons entitled to receive it and has had the appropriate column in the form of the salary bill signed and, if necessary, stamped by the payee. If the payee does not present himself before the end of the month, the amount drawn for him shall be refunded by short drawal in the next bill. Pay shall not in any circumstances be placed in deposit.

34. The drawer of the bill shall not readjust the salaries of the establishment by giving one officer more and another less than the sanctioned pay of his post, nor shall he distribute the pay of an absentee otherwise than as provided by any general or special orders of the Board.

CHAPTER V.

PERMANENT ADVANCE.

36. To meet petty expenses, a sum of Rs. 30 may be allowed as a permanent advance, which may be raised temporarily or permanently by the Board, if necessary up to a maximum of Rs. 50.

37. Payments of not more than Rs. 20 shall be made in cash from the permanent advance, provided that no payment on account of the salary of any employee of the Board shall be made from the permanent advance.

38. The imprest-holder shall make payments from his permanent advance from time to time as may be required and for each payment he shall obtain and hold a bill receipted by the payee or in the case of petty expenses, a written detailed statement of the sums spent.

39. These bills or statements shall be numbered consecutively, enfaced or stamped "paid in cash" and entered in the register (Form No. 8); the classification of the charge shall be carefully entered in the columns provided for the purpose.

40. The permanent advance may be recouped whenever necessary, and it shall always be recouped on the last working day of the month. All recoupments of the permanent advance shall be drawn on a bill in Form No. 9.

41. The procedure of recoupment shall be as follows:—

The imprest-holder shall compare the sub-vouchers with the entries in the permanent advance account; he shall deface them by stamping them "cancelled" so that they cannot be used again. He shall total and initial the column "Amount of sub-voucher" in the permanent advance account, and also the amounts in the classification columns, the cross total of which shall agree with the total of the column "amount of sub-voucher" and shall rule a red ink line across the page, immediately above which in the last two columns the number, date and amount of the voucher for recoupment shall be shown.

42. The bill for recoupment shall then be drawn out for payment. After the bill is enfaced with the usual payment order in the form prescribed in Rule 78, a cheque shall be drawn in favour of the President or other officer holding the advance.

RECURRING AND UNUSUAL CONTINGENT CHARGES.

43. Sanction of the Board shall be obtained for the purchase of books, periodicals, newspapers, official publications, for unusual contingent charges such as the purchase of typewriters and furniture and for all recurring contingent charges which bind the Board beyond a single payment.

(*2*) This register shall also serve as the despatch register.

45. The balance of stamps in hand shall be verified once a month by the Secretary to the Board or by such other person as may be authorised in this behalf by the President and the Secretary or such other person shall make a note to that effect in the remarks column under his signature.

CHAPTER VI.

WORKS.

49. Works relating to the construction and repair of buildings other than pucca or semi-pucca buildings of a primary school shall be entrusted to the teachers or managing committees of the primary schools concerned. In the case of pucca or semi-pucca buildings, the work shall be done by the engineering staff of the Board, if any, or through the agency of the District Board or Communication and Works Department.

50. Estimates for the construction of primary school buildings shall be prepared by the Board in conformity with one of the standard types approved by the Executive Engineer. In special cases, when any variation is considered necessary the estimate shall be submitted to the Executive Engineer for approval before it is finally sanctioned by the Board.

Estimates for the repairs to pucca or semi-pucca buildings shall be obtained from the agency through which the work is proposed to be carried out.

Estimates for the repairs to buildings other than pucca or semi-pucca buildings shall be prepared by the teachers or managing committees of the primary schools concerned and shall be submitted to the Board through the District Inspector of Schools.

51. No work shall be commenced unless and until a detailed estimate for the same has been duly approved and appropriation sanctioned by the Board. For emergent repairs, the President may however sanction a departure from this rule, but he shall report the matter to the Board at its next meeting.

52. In the case of works undertaken by the teachers or managing committees of primary schools, an advance of 25 per cent. of the sanctioned estimate may be made. In the case of works done through the agency of the District Board or the Communication and Works Department, advances shall be made from time to time as may be required for the execution of works. engineering staff of the Board or through the agency of the District Board or Communication and Works Department, a completion report shall be furnished by the District or Executive Engineer, as the case may be. Every such completion report shall be countersigned by the District Inspector of Schools and shall on such countersignature be deemed to be the completion certificate in respect of such works. In no case shall any excess over the sanctioned estimate or appropriation be paid without a fresh sanction of the Board and a fresh allotment of funds to cover the excess.

54. When a final payment is made, a record thereof shall be kept on the estimate concerned.

CHAPTER VII.

ADVANCES.

55. All moneys advanced to officers or employees of the Board or other persons (whether on account of the permanent advance or otherwise), shall, in the first instance, be charged to the head "Advances" in the abstract register of expenditure and entered in the Advance Ledger (Form No. 13). A separate account shall be opened in this ledger for each person to whom an advance has been given, and this account shall be credited with the amount of repayments made, and of adjustments made in the manner prescribed in Rule 107. The account shall be balanced quarterly and signed by the President.

56. Advances for works to be carried out departmentally shall not be for the full sanctioned cost of the work, but shall be restricted to the amount actually necessary to meet immediate payments; and as this amount is exhausted, it may be recouped by submitting detailed bills for the expenditure incurred.

57. In the case of advances made for the execution of works, the account shall be credited with the actual value of work done upon receipt of completion certificates, detailed bills and proper vouchers for the expenditure incurred out of the advance. These adjustments shall be carried through the adjustment register (Form No. 14), in the manner prescribed in Rule 107. Before the order for adjustment is made, the bills and vouchers put forward in support of the expenditure shall be passed by the President in the same manner as other bills are passed. The passing order shall run thus:—

"Passed for rupees..... ....Adjust Rs..... by credit to advance account of..... . .. . , and debit to.... . . .. .. "

NOTE.—In the case of works done through the agency of the District Board or Communication and Works Department, detailed bills and vouchers are not necessary. In such cases, an adjustment voucher should be prepared, supported by the completion certificates, and orders of the President obtained.

DEPOSITS.

58. All sums of money received by way of security deposit from contractors or others shall be credited to the head "Deposits received" in the abstract register of receipts (Form No 15) and shall be entered on the credit or receipt side of the deposit ledger (Form No. 16). A separate account shall be opened in this ledger for each person by whom a deposit is made and the accounts shall be balanced quarterly and signed by the President.

59. Each separate account in the ledgers of advances and deposits shall be specially reviewed by the President not less than once a quarter, who shall satisfy himself that steps are being taken to recover or adjust advances which have been outstanding for more than three months.

60. When a deposit is outstanding for more than three years from the date when the work was finished and the depositor does not come to take the refund notwithstanding the service of a notice on him, or when the whereabouts of the depositor are not known, the deposit shall be adjusted as a miscellaneous receipt, repayable on a subsequent claim, with the previous sanction of the Director of Public Instruction.

LOANS.

61. The transactions in regard to any loan contracted by the Board shall be recorded in Form No. 17.

APPROPRIATION REGISTER OF LOANS AND SPECIAL GRANTS AND CONTRIBUTION.

62. In order to check the appropriation of funds raised by loan or special grants by Government or contributions intended for special purposes by individuals or local bodies, an appropriation register shall be kept in Form No. 19. The expenditure shall be posted monthly from the register of works. Without the sanction of the Provincial Government previously obtained no portion of such funds shall be appropriated even temporarily to any object other than that for which it was intended.

CHAPTER VIII.

CUSTODY OF DISTRICT PRIMARY EDUCATION FUND MONEY.

63. The District Primary Education Fund shall be lodged with the Collector of the district who shall keep a separate account thereof. Donations which private persons give to the Board for objects of legitimate expenditure on condition that they are to be placed in fixed deposit in a bank or invested in securities may be so placed in deposit or invested by the Board.

PAYMENT INTO THE TREASURY.

64. All sums due by any person to the Board and moneys collected by authorised servants of the Board shall be sent direct to the Government treasury at the headquarters of the district (hereinafter referred to in these rules as "the treasury") to be credited to the District Primary Education Fund.

65. If in any case money is tendered at the office of the Board, the person tendering it shall be directed to take it to the treasury where it will be received and credited to the District Primary Education Fund.

66. (*1*) All moneys paid into the treasury otherwise than by money order to the credit of the District Primary Education Fund, whether by servants of the Board or others, shall be accompanied by a chalan in Form No. 20.

(2) This chalan shall be in triplicate, having the words "Original," "Duplicate" and "Triplicate" written in red on the first, second and third parts, respectively.

The first part shall be retained by the Treasury Office, the second part shall be returned on the same day to the office of the Board, and the third part shall be delivered to the persons paying the money.

GRANTS FROM PROVINCIAL REVENUES.

67. When a grant is made to the District Primary Education Fund from Provincial Revenues, the Accountant-General shall instruct the Treasury Officer concerned to credit the amount to the District Primary Education Fund and send the President a copy of the letter. Recurring grants are payable to the District Primary Education Fund at the beginning of each year. The credit shall be made by book transfer; no bill shall be drawn and no money shall be paid out of the treasury.

PASS BOOK.

68. All moneys remitted to the treasury to the credit of the District Primary Education Fund and all payments made by the treasury on cheques or otherwise on account of the District Primary Education Fund shall be entered in a pass book; the pass book shall remain in the custody of the President, and it shall be sent to the treasury on the tenth and also on the last working day of every month and on any other day on which the Board may require the posting to be done. On receipt of the pass book by the treasury officials, the receipts and payments up to date and credits referred to in Rule 67 shall be entered therein, and when the book is received on the last working day of the month, the account shall be balanced and signed by the Treasury Officer, the amount being entered in words as well in figures. The book shall be returned to the office of the Board as soon as the entries prescribed in this rule have been made in it, *i.e.*, on the day of receipt or the next open day at the latest.

69. The pass book will be supplied by the treasury. It is not a District Primary Education Fund Account Book, but is simply a copy of the account kept in the treasury of the money paid to the credit of, and disbursed on account of, the District Primary Education Fund, and must, therefore, always be written up only by the Government Treasury Department by whom the original account is kept.

70. No entries or marks shall, under any circumstances, be made in the pass book by any one connected with the office of the Board.

71. The President shall examine this pass book from time to time, and shall immediately call the attention of the Treasury Officer to any discrepancy that may appear between the credits and debits shown in the pass book and those shown in the accounts of the Board.

72. At the close of the year, a statement of balance of the previous year as shown in the accounts of the Board and in the treasury pass book together with an explanation for the difference shall be submitted by the Board to the Treasury Officer to enable the latter to forward the same after necessary check to the office of the Accountant-General.

73. The balance at the credit of the District Primary Education Fund shall not be allowed to be overdrawn without the special sanction of the Provincial Government.

TRANSACTIONS WITH THE POST OFFICE.

74. When money is remitted to a District Primary Education Fund by means of post office money orders or when the amounts of money orders issued on the requisition of a Board are returned unpaid, they will, in accordance with the post office rules on the subject, be sent by the post office direct to the Treasury Officer concerned for adjustment of the amount by book transfer to the credit of the District Primary Education Fund. An advice list with coupons and acknowledgments attached will be sent on the same day by the Treasury Officer to the office of the Board in token of the adjustment having been made.

MONEY ORDERS.

75. When writing out money orders in payment of a bill, the number of the cheque and the serial number of the items in the bill shall be written on the acknowledgment portion. When received back, the acknowledgment shall be carefully filed in serial order with the voucher. Wanting acknowledgments shall be called for after a month from the Postal Department.

76. (*1*) A register in Form No. 21 shall be opened for money orders which the Postal Department refunds to the Board owing to the payee not being found.

(*2*) The register will serve the double purpose of providing a means of watching that these refunds are brought to credit, and in case of the payee afterwards making application for the money, of ascertaining whether the sum is due from the District Primary Education Fund or from the Postal Department.

PAYMENT OF CLAIMS.

77. A Board shall pay promptly every claim against its fund that is clearly due. No money shall be drawn before it is actually required for payment; and no undue delay shall occur in the disposal of money drawn.

78. (*1*) Every bill or other claim for payment from the District Primary Education Fund shall be checked and examined by the Head Clerk of the Board's office who, after ascertaining if it is correct and in order, shall submit it for orders to the President. If payment of the bill so presented is to be made, an order for the payment shall be endorsed upon it. The order for payment shall be as follows:—

"Pay Rupees.....

only (Rs.....)" the amount being written in words as well as in figures, and shall be signed by the President.

(*2*) The Head Clerk shall also note on it the classification of the charges according to the heads laid down in the budget or in such greater detail as may be necessary for entry in the cash book after payment.

79. All payments exceeding Rs. 20 shall be made by cheque, unless there are special circumstances rendering payment in cash desirable; provided that all payment on account of salaries of the employees of the Board exceeding Rs. 10 shall be made by cheque.

80. (*1*) If the bill is to be paid out of the imprest, the President or such person as he authorises in writing in this behalf shall sign the pay order on the bill and make it over to the Head Clerk for payment. The Head Clerk shall, after payment, stamp the voucher with the words "paid in cash" in conspicuous type. This shall be attached as a sub-voucher to the next contingent bill. If the bill is to be paid by cheque, it shall be made over to the Head Clerk. The cheque shall be written out by the Head Clerk and the bill stamped "Paid by cheque. No....., dated.....," in conspicuous type. Both the bill and the cheque shall then be placed before the President or the person authorised by the President in writing in this behalf, who shall sign the cheque and initial (with date) the "paid" endorsement on the bill in token of having signed the cheque for the bill.

(*2*) The amount of the cheque shall be entered in the cash book as soon as the cheque is signed.

81. Every payment from the District Primary Education Fund shall be supported by a voucher in a proper form duly signed and receipted by the payee himself or his authorised agent and stamped if necessary. A receipt signed by another person for the creditor will be invalid.

82. (*1*) Payments to illiterate persons shall be attested by a competent witness in addition to the paying officer.

(*2*) When the payee signs in vernacular, the amount acknowledged shall be noted by him in the same vernacular.

FILING OF VOUCHERS.

83. (*1*) Bills which have been paid by cheque shall be divided into the following classes, viz., (1) salary and establishment bills, and (2) other bills. Each class of bills shall be pasted in a separate guard file and shall be consecutively numbered in order of payment:

Provided that sub-vouchers which have been paid in cash out of the permanent advance shall be separately filed, together with the recoupment voucher covering them.

(*2*) The following memorandum instead of this voucher shall be pasted into the guard book for bills other than salary and establishment bills.

Memorandum.

Voucher No....., dated.....for Rs.....; in recoupment of the permanent advance will be found in the separate file.

CASH BOOK.

84. The District Primary Education Fund cash book shall be kept in Form No. 22.

The receipt entries in this book shall be made day by day as follows:—

(1) In the case of money remitted to the treasury (otherwise than by money orders) for credit to the District Primary Education Fund under Rule 64, from the duplicate chalans mentioned in Rule 66.

(2) In the case of money orders, from the coupons attached to the advice list received from the Treasury Officer (*vide* Rule 74).

(3) In the case of book adjustments specified in Rule 67 from the copies of the Accountant-General's letter received under that rule.

Expenditure shall be entered from the details of vouchers day by day as cheques are signed.

Closing of the Cash Book.

85. The cash book shall be closed and balanced on the last working day of each month and shall be signed by the President after comparison with the pass book. In the event of any cheque issued during a month remaining uncashed by the treasury at the close of the month, there will necessarily be a difference between the balance brought out in the cash book and that of the treasury pass book. This difference shall be explained by a note in the last page of cash book for the month in the following manner:—

	Rs. a. p.	Rs. a. p.
Balance as per cash book	..	500 10 6
Add cheques uncashed—

No. 7, dated the 25th April 1931	40 0 0	70 0 0
Total	..	570 10 6
Balance as per pass book	..	570 10 6

Cheques.

86. Cheques drawn on a treasury shall be in Form No. 23.

87. The President or the person authorised by the President in writing to sign the cheques under sub-section (2) of section 39 of the Act shall be the custodian of the cheque book and all cheques shall be issued under the signature of the President or such person.

88. Cheque books containing 100 cheques each will be provided by the officer in charge of the treasury. Each book shall bear a number which shall be repeated upon each cheque contained in it, together with the consecutive number of each cheque form and the President, or the person authorised by the President in writing to sign cheques, shall notify to the treasury the number of the cheque books which he from time to time brings into use. The book shall be in the personal custody of the President or such authorised person who, when relieved,

shall take a receipt for the correct number of cheques made over to the relieving officer, a specimen of whose signature shall at the same time be forwarded to the treasury.

89. On receipt of a cheque book from the treasury, the President, or the person authorised by the President in writing to sign the cheques, as the case may be, shall count the cheques and shall record on the back of the cheque book that "this book contains.....forms."

90. The President or such authorised person shall satisfy himself periodically that all unused cheques are in the book and that none have been surreptitiously extracted.

91. No cheque shall be signed unless required for immediate delivery to the person to whom the money is to be paid, nor until the bill which it will discharge has been presented in a complete form, examined and passed for payment. The practice of retaining signed cheques in the office shall not be permitted.

92. Every cheque shall be drawn in English in favour of the person to whom the money is actually due. Payment shall not be made to any other person except on production of a written authority from the creditor to receive it on his behalf:

Provided that this rule shall not apply to—

(*a*) cheques issued for a sum of money distributed as pay or wages among a number of employees of the Board;

(*b*) cheques for recoupment of permanent advance;

(*c*) cheques for payments of money by remittance transfer receipts (Article 143A, Civil Account Code, Volume I);

(*d*) cheques for payment of money in places where there are treasuries but under the rules remittance transfer receipts are not permissible (pay, allowance, etc.) and where there are no treasuries. In such cases, the money shall be remitted by money orders and the cheques shall be drawn in the name of the post master;

(*e*) cheques for payment of money to Government. If the money is accounted for a special department of Government, such as the Income Tax, the Land Acquisition Department, etc., the cheques shall be drawn in favour of the officer in charge of the department concerned. But in other cases the cheque shall be drawn in the name of the treasury officer and forwarded to him for credit to Government.

93. The amount of every cheque shall be written in words as well as in figures, both on the cheque itself and on the counterfoil and the counterfoil shall be initialled by the person signing the cheque. The word "only" shall always be inserted after the amount written in words in the body of the cheque.

CANCELLATION OF CHEQUES.

94. When a signed cheque is cancelled, it shall be enfaced or stamped "cancelled" by the President and shall be destroyed as soon as the accounts for the month in which the cheque was drawn have been audited by the Finance Committee.

95. The fact of cancellation shall be noted in red ink under the initials of the President upon the counterfoil and also across the orders enforced upon the voucher.

96. A cheque remaining unpaid from any cause for twelve months from the date of its issue shall, however, be cancelled and the amount shall be written back.

CHEQUES LAPSED OR LOST.

97. Cheques are current for three months only. After the expiration of that period, payment shall be refused at the treasury and the person in whose favour the cheque was drawn will, therefore, have to bring it back to be redated. No fresh cheque should be issued: the lapsed cheque should simply be redated and the alteration initialled by the President or the person authorised by the President in writing to sign the cheques, as the case may be. A note of the fact of redating shall be entered in the cash book against the original transaction. The alteration will in no way affect the accounts and no further entries shall be made.

98. When a cheque is reported as lost during the period of its currency, the President shall forward to the Treasury Officer concerned a certificate in the following form for signature:—

Certified that cheque No....., dated ....., for Rs....., reported by the disbursing officer to have been drawn by him on this treasury in favour of.....has not been paid and will not be paid if presented hereafter.

Treasury,

The.....*19*...

Treasury Officer.

99. On receipt from the Treasury Officer of the certificate signed by him, the President shall draw a new cheque in lieu of it; the fact of the loss and the number and date of the new cheque shall be recorded on the counterfoil of the old cheque, and the number and date of the old cheque that is lost shall be recorded on the counterfoil of the new one. The fact of the new cheque having been issued shall be entered on the date of issue in red ink parenthetically in the cash book but not in the column for payment. A note shall also be made against the original entry in the cash book.

CORRECTION OF THE CASH BOOK AND ABSTRACT REGISTER WHEN CHEQUES ARE CANCELLED.

100. If the cheque is cancelled in the month of issue before the cash book is closed and before the abstract register has been posted, all that is necessary is to strike out the entry in red ink under the initials of the President. If, however, the abstract register has been posted and the correction is made in the same year, the cheque shall be removed from the list of outstanding cheques and the amount credited in the cash book as a miscellaneous receipt, "deduct" entries at the same time being made in the adjustment register under that head and the head of expenditure to which it was originally charged.

101. If in any case a cheque is cancelled after the accounts of the year have been compiled and published, the cheque shall be removed from the list of outstanding cheques and the amount shall only be entered in the cash book as miscellaneous receipt and an adjustment made in the accounts.

ABSTRACT REGISTER OF RECEIPTS AND EXPENDITURE.

102. All the entries on the receipt side of the cash book shall be posted item by item direct from the cash book into the abstract register of receipts [Form No. 15] and all the entries on the payment side of the cash book shall be similarly posted into the abstract register of expenditure [Form No. 15A].

103. The abstract register shall be posted as frequently as may be convenient, but in no case later than ten days after the close of the month to which the accounts relate.

104. The columns of the abstract registers shall be totalled every month and the totals of the cash transactions must necessarily be equal to, and shall be compared by the President with, the totals of receipts and payments in the cash book. He shall initial the abstract registers to show that they have been compared.

ADJUSTMENTS.

105. For the record of transactions other than cash, a register of adjustments shall be opened in Form No. 14.

106. The chief adjustments to be dealt with in the said register are:—

(*1*) Rectifications of error in classification.

(*2*) The adjustment of a bill against an advance.

(*3*) The charge to a head of expenditure by credit to deposits of a sum due on a contractor's bill which sum is retained as security deposit.

(*4*) Adjustments due to refund of income or recoveries of expenditure.

These transactions shall be entered item by item in the register of adjustments, the total being passed from this register into the abstract register of receipts and expenditure, but before the postings are made in the abstract register the net total of the receipt heads shall be agreed with the net total of the payment heads.

107. The methods of entry in the register of adjustments shall be as follows:—

(*a*) In the case referred to in clause (*1*) of Rule 106 the adjustment shall be made by entering the amounts in the space for "add entries" in the column for the head to which the amount is to be added, and again in red ink in the space for "deduct entries" in the column for the head from which the amount is to be deducted. Both entries shall be made on the receipt side, if the amount is to be transferred from one head of receipt to another; and both shall be made on the expenditure side if the amount is to be transferred from one head of expenditure to another.

(*b*) In the case referred to in clause (*2*) of the said rule, the adjustment shall be made by entering the amount in the space for "add entries" in the column of the expenditure side for the head to which charges on account of the particular expenditure incurred are to be taken and on the receipt side in the space for "add entries" under the head "advances recovered." A corresponding entry shall be made on the receipt or credit side of the advance ledger (Form No. 13) of the person by whom the expenditure was incurred and to whom the amount adjusted was originally advanced.

(*c*) In the case referred to in clause (*3*) of the said rule, the adjustment shall be made by entering the amount on the expenditure side in the space for "add entries" in the column for the head to which the balance of the charges of the bill from which the deduction has been made has been taken, and on the receipt side in the space for "add entries" under "deposits received."

(*d*) In the case referred to in clause (*4*) of the said rule, an adjustment shall ordinarily be made by deduction from similar receipts or payments of the current year, but a refund of expenditure exceeding Rs. 500 shall be finally credited as a receipt under the corresponding revenue head.

108. When income is refunded, the refund shall be charged in the cash book to the major head of expenditure corresponding to the major head of receipt to which it was originally credited, or if there is no such head, to "9- Miscellaneous." The amount shall then be deducted in the adjustment register from both the head of receipt to which it was originally credited and the head of expenditure to which the refund is charged.

109. When the expenditure is recovered, the amount shall be credited in the cash book to the major head of receipt corresponding to the major head to which the expenditure was originally charged, or if there is no such head, to "III--Miscellaneous." The amount shall then be deducted in the adjustment register from both the head of expenditure to which it was originally charged and the head of receipt to which the recovery is credited.

NOTE.—Adjustments affecting the Advance and Deposit heads shall be made even after the close of the year.

110. Adjustments made by deduction in the abstract registers shall always be written in red ink.

MONTHLY, QUARTERLY AND ANNUAL ACCOUNTS.

111. Registers of monthly and quarterly receipts and expenditure shall be kept in Forms Nos. 21 and 25 and shall be compiled from the abstract registers. The progress of expenditure as compared with allotment shall be shown in such detail as may be necessary, the particulars being obtained from the cash book.

112. In the first month of every quarter, a copy of the monthly and quarterly accounts showing only the budget estimate and quarterly figures for the previous quarter's receipts and expenditure shall be published by lodging a copy signed by the President in the office of the District Magistrate.

113. (*1*) An annual account in Form No. 26, showing the consolidated receipts and expenditure for the year shall be published in the same manner as the quarterly accounts not later than the second month of the next year.

(*2*) A copy of the annual account shall be despatched to the Director of Public Instruction.

OFFICE ORDER BOOK.

114. An office order book shall be kept by the Board in which all appointments, promotions, leave, suspensions, fines, office arrangements and orders generally shall be noted. The Secretary shall see that this order book is kept in a correct and complete manner.

ESTABLISHMENT CHECK REGISTER.

115. The whole establishment of the Board shall be recorded in the establishment check Register in Form No. 27, in which every appointment as made shall be entered. The entries in columns 1 to 6 of the register shall be made from the sanctions for each appointment. When any revision of the establishment is made, the details of the revision shall be noted in the register, the number and date of the resolution or order being quoted in column 1 thereof. Every entry in this register shall be initialled by the President, or such officer as may be authorised in writing by the President in this behalf.

116. Details of every establishment bill after it is checked by the Head Clerk shall be posted into the establishment check register. Pay shall be recorded under the month for which it is due, not under that in which it is disbursed.

TEMPORARY ESTABLISHMENT.

117. Temporary establishment shall be entered in the establishment check register (Form No. 27) at the end of the space allotted for the permanent establishment and shall not be mixed up with it. The period for which the temporary establishment is sanctioned shall be distinctly specified in the second column below the details of appointment sanctioned and lines shall be drawn across the columns of the months previous and subsequent to such period, so as to prevent admission by oversight of pay for a period in excess of sanction.

FIXED RECURRING CHARGES.

118. Other fixed recurring charges such as scholarships, grants-in-aid, rents and municipal taxes payable by the Board, shall be recorded and checked in the same manner as establishment charges. A separate register shall be maintained for scholarships and grants-in-aid while the establishment check register shall be utilised for the other charges.
